LUCKY SHRIVER.

He Meets the Fate of Havemeyer and Searles.

Not Guilty of Contempt---Newspaper Witnesses Now Within the Privileged Class.

WASHINGTON, June 18.—John S. Shriver, the correspondent of the New York Mail and Express, today was declared not guilty of contempt in refusing to answer questions of the senate committee in relation to the sugar trust investigation. Mr. Shriver was the fourth of the alleged recalcitrant witnesses, Messrs. Havemeyer and Searles, president and secretary of the American Sugar Refining company, both having been discharged, while Broker Elverton Chapman was convicted and served one month in jail. Judge Bradley based his decision in the Shriver case on two points, first that the witness had not been legally summoned, and second, that the question asked him was not pertinent. The contention of the defense that communications to newspaper men are privileged as a class, the same as are communications to priests, lawyers and physicians, the court refused to sustain, but as the court did on the other hand hold that to ask the witness the name of his informant was not a pertinent question, the counsel for the defense now holds that a precedent is established which virtually brings newspaper witnesses within the privileged class.

BIG STREET RAILWAY DEAL.

Three Companies in St. Louis Sell to a New Syndicate.

ST. LOUIS, June 18.—Negotiations for the purchase of the three street car lines, two of which are electric and the other cable, comprising what is known as the Mora Railroad company, have been closed. Edward S. Whittaker, president of the Lindell street railway system, and C. D. McClure, one of the heaviest stockholders of the system are the purchasers. The price paid was somewhere between $165 and $170 per share and several million dollars changed hands. It is presumed that the deal was made on behalf of the Lindell company and that the new acquisition will be made part of that system.

CHARGED WITH MURDER.

Dr. Freeman Admitted as Much but Declared His Innocence.

SAUSALITO, Cala., June 18.—Mr. L. Freeman, an itinerant physician in Sausalito is dead. Coroner Elden, acting in the capacity of public administrator has taken charge of the property. Diamonds and jewelry to the value of $2,500 are now said to be missing and the authorities will institute an investigation. Dr. Freeman came to Sausalit from the east. It is known that he was a fugitive from justice and that he had fled from London, England, to avoid arrest for murder. He admitted this to his intimate friends, but asserted his innocence.

WEYLER'S GOOD SENSE.

He Displays a Little in Riding an American Horse.

KANSAS CITY, Mo., June 18.—Weyler, the Spanish general, will soon be astride a saddle horse which was bought in Kansas City and raised somewhere in Missouri. The animal has been shipped via New Orleans to Weyler by a local firm which has sent nearly 500 mules to Cuba during the past sixty days for the Spanish army. Recently an order came from Weyler for a first-class saddle horse and a handsome bay was selected. It is stated that the price paid was $300.

LOST HIS JOB

Because He Testified as to a Signature in the Davis Will Case.

SAN FRANCISCO, June 18.—Despite the fact that he was compelled to testify in the Davis will case to the effect that he believed the signature to the alleged will to be a forgery George Amy, after ten years service as paying teller for the First National bank of this city, has been summarily discharged for having violated the confidence of that institution in his startling testimony.

FURNACES TO RESUME.

Business is Picking Up in the Mahoning Valley.

YOUNGSTOWN, Ohio, June 18.—Within a short time three furnaces in the Mahoning valley which have been out of blast for some time will resume. They are the Struther's furnace at Struthers, the Andrews Bros. & Co. furnace and the furnace of the Youngstown Steel company of this city. The Andrews & Hitchcock furnace at Hubbard resumed operations Tuesday.

APPALING RUIN

The Result of the Earthquake in India.

Buildings Collapsed, Crops Ruined and a Scarcity of Food Expected---Shocks Continue to be Felt.

CALCUTTA, June 18.—Almost the whole of the province of Assam has been devastated by the earthquake. The ruin is appalling. The courts, treasuries, jails and hospitals have collapsed. The loss of food supplies is enormous. The crops are mostly ruined and great scarcity of food is expected. All traffic is difficult as numbers of the roads have been completely demolished. Earthquake shocks still continue to be felt in the province of Assam and much alarm is felt especially as renewed shocks have been reported from various places in Bengal. Heavy rains are immensely increasing the damage.

TARIFF BILL.

Evidence That It Will be Pushed Rapidly Along.

A Movement Looking Towards a Conference of Republicans and Democrats Upon the Schedules.

WASHINGTON, June 18.—The progress made with the tariff bill during the past few days has encouraged many senators to believe that the bill will be completed sooner than generally anticipated. There is a fair understanding between the republican senators and their democratic opposition that the bill will not be delayed in any manner by extended speeches made for the purpose of delay. The senate seems anxious to get away as soon as possible. The democrats will not come to any agreement as to fixing times for certain schedules to be considered or to limit the time in any manner until there can be a definite understanding as to the intention of the republicans concerning the proposed monetary commission, which, it is said, the president will recommend before the adjournment of congress.

It has been pointed out that there will be great difficulty in retaining a quorum here after the tariff bill has passed and that, among other considerations, may result in an informal understanding that the tariff will be the only important question to be considered at this session of congress.

Already there is talk of consideration of the tariff bill in conference. The republican members of the ways and means committee are noting the changes in the bill from day to day and preparing themselves to consider the bill in conference with the least possible delay. The committee has not acted as a body, so nothing can be said as to the determination of the house members on any particular schedules.

Democratic senators became involved in a warm factional wrangle this afternoon. Mr. Bacon, of Georgia, crititised his associates for not supporting a revenue duty on raw materials and was warmly replied to by Mr. Vest, who called attention to the pleasure these democratic discords gave republicans. He tried to commit Mr. Bacon to the doctrine that he (Bacon) wanted his share of the plunder if there was to be a tariff robbery, but Bacon repudiated this and said he wanted benefits equalized. Mr. Tillman bluntly interjected that if there was to be a plundering he would see that South Carolina got her share.

BARNEY BARNATO

Once Traveled With the Royal London Circus.

He Was Not a Clown, But Pulled the String in the Cannon Ball Act.

OAKLAND, Cala., June 18.—Fred Holturn, who lives in Berkeley, denies the story told by the sister of Barney Barnato that her brother never played in a circus. Holturn says that he and Barney Barnato performed together in the same ring in London many years ago.

"I first met Isaacs, or Barnato, as he afterwards called himself, while working in John Holturn's royal London circus many years ago. Isaacs and his brother Jake joined the circus at Leeds. My brother John, the 'cannon ball king,' did an act when he was shot at by a cannon which I fired. Barnato held the ropes that bound my brother. John would give the order to fire at his head. At the word 'fire' Barnato was supposed to let loose the ropes so that my brother could catch the cannon ball. On one occasion, young Isaacs, or Barnato, became 'rattled' and at the signal 'fire' he did not loosen his hold on the ropes, but tightened it instead. The big ball plowed along the top of John's head and left him with an ugly scalp wound.

"From that moment to this I have never laid eyes upon Barnato and his two brothers. The two Isaacs, as we then called them, did not even wait to draw the salary due them, and we never heard of Barney again until his African success made him world-wide famous."

TO WALK ON WATER

From Pittsburg to Cincinnati, a Distance of 400 Miles.

Robert Cook Wagered $1,000 That He Can Perform the Feat---Will Start September 1.

PITTSBURG, Pa., June 18.—Robert Cook, of Boston, is in Pittsburg arranging to perform the remarkable feat of walking from Pittsburg to Cincinnati on water, a distance of 400 miles. Cook is the inventor of a pair of shoes, by which he can walk on water. He claims that with the use of them he can make as good time as a man walking along an asphalt pavement. Cook offered to wager $1,000 that he would walk a distance of 400 miles in fourteen days and do it easily. This was quickly taken by John Leopold, a west side saloonkeeper of that city. Cook deposited his side of the bet and the saloonkeeper did the same. The money is now in the hands of a responsible stakeholder and all that remains for Cook to do to be richer by $1,000 is to demonstrate his ability to walk on the Ohio. The start will be made from the Sixth street bridge in this city on September 1, at noon. He will be accompanied by a small steam launch. After completing his arrangements here Cook will go in training on Lake Pontchartrain, La.

PARIS, June 18.—The Soliel says that a fresh bomb was discovered at 10:30 this morning at the corner of the Boulevard St. Denis and the Rue St. Denis. The find in other quarters is declared to be only a harmless hoax.

A POPULAR COUPLE.

Wedding of Harry Willson and Miss Mabel Van Vranken, at Grand Forks, N. D.

The announcement of the wedding of Harry Willson and Miss Mabel Van Vranken, at Grand Forks, N. D., was made a few weeks ago, and as some interest attaches to the nuptials, by reason of the groom's former residence in this city, the following extract will be welcome reading. Mr. Willson is a son of M. S. Willson, of the electric works, and a brother of Clint Willson, of the First National bank. The young lady has visited here and during her visits she cultivated many friendships. The Grand Forks Plain Dealer says:

The marriage of Harry Willson and Miss Mabel Van Vranken took place at 9 o'clock at the residence of the bride's parents, in the presence of members of the two families and a few invited friends. The ceremony was performed by Rev. Hamilton Spence, and the young couple will at once begin housekeeping in a residence which Mr. Willson has prepared in Riverside Park. Mr. Willson's parents have been in the city for some time waiting for the happy event, which was all the more enjoyable for their presence. Mr. Willson has been a resident of the city for a number of years, and has shown himself to be a young man of excellent business ability, good habits and irreproachable moral character. Miss Van Vranken, since her arrival in the city several years ago, has won the friendship of everyone with whom she has come in contact, and the Plaindealer simply voices the sentiments of all their friends when it wishes the young couple unbounded happiness and prosperity.

The music features were worthy of special mention. In addition to the instrumental music by Professor James, vocal selections were rendered by Miss Fannie Lowry, of Fort Wayne, Ind., and J. E. Clifford, of this city. Miss Lowry's voice is remarkably clear and pure and her singing was greatly enjoyed. Mr. Clifford's tenor is too well known in Grand Forks to need words of praise. When it is said that he was at his best no more need be added.

WILL GO THROUGH.

New Opera House Project Has Been Pushed to Success.

Enough Subscriptions Secured to Insure the Enterprise---Stockholders Will Meet Next Tuesday.

Mr. Bona, who has been soliciting subscriptions for the new opera house assured THE SENTINEL reporter today that the venture would succeed. He stated that enough subscriptions have already been secured. A meeting of the stockholders has been called for next Tuesday evening, when the project will be put into definite shape. The new building will be erected on the property of Hon. J. H. Bass, opposite the Aldine block on East Berry street and its cost will be in the neighborhood of $100,000. The plans, which have been prepared by Grindle & Weatherhogg, are for a building complete in its appointments as a first-class theatre and beautiful in its architectural design.

NEW LODGE.

Branch of the Sexennial League in This City.

The Organization Starts Out With Thirty-Three Members---Officers Elected For the Ensuing Year.

Another fraternal beneficiary order has been added to the list of Fort Wayne lodges of this character, the organization having been perfected last evening. It is a branch of the Sexennial League and it has been christened Home lodge, No. 491. Elward Fleischer, D. S. P., officiated as the instituting officer. Thirty-three members signed the charter and the following officers were elected:

Past President—Thomas Thomson.

President—Charles Hilton.

Vice President—Thomas Drake.

Chaplain—Mary A. Sthair.

Secretary and Treasurer—George A. Sthair.

Marshal—Mrs. McDole.

Sentinel—Millie Drake.

Outer Guard—Charles Jacoby.

Trustees—George L. Ashley, Henry McDole and Thomas Drake.

This is the first branch of the order in the state, but it is the purpose of Mr. Fleischer to extend its growth as fast as possible. He will go from here to Muncie, where a new lodge will be formed as soon as he can work it up.

LOCAL LINES.

HONORS CONFERRED.

High School Graduates Receive Their Diplomas.

Exercises at the Masonic Temple, Followed by a Reception at the Fort Wayne Club.

Thirty five pupils of the Fort Wayne High school received their diplomas of graduation last evening. The commencement exercises were held at the Masonic Temple before a large audience. On the stage were seated the members of the graduating class, the members of the school board, Supt. J. N. Study, Prof. C. T. Lane, other teachers of the High school, Dr. John M. Coulter, of Wabash college, who delivered the address of the evening, and Rev. L. L. Henson. Prof. Lane, who was in charge of the program, announced the speakers. The exercises were opened by an overture rendered by Reineke's orchestra, which also interspersed the program with its music, the excellence of which was heightened by a cornet solo given by Prof. J. L. Verwiere, who has recently located in the city to take the leadership of the City band.

The opening prayer was made by Rev. L. L. Henson, pastor of the First Baptist church.

The salutatorian, Miss Myrtle Haines, delivered her words of welcome in a manner that at once impressed the audience. Her graceful presence, self-possessed delivery of speech, and the beautiful expression of her theme were the cause of universal admiration for the speaker.

Dr. Coulter, who made the address to the class, spoke on the subject "The Elements of Power."

The speaker dwelt for some time on the enthusiasm that is essential to make an education complete. He spoke of it as the proplusive force, the motive power persistent effort.

Preparation, said the speaker, is a second quality of the man of force. It has been seen that a genuine enthusiasm may be ill-directed and so spend itself aimlessly.

Observation was the third point dwelled upon by the speaker.

A fourth element in leadership is the power of adaptation which he said is one of the most important laws of the organic world and the continued existence of organic life depends upon obedience to it.

Growth, said the speaker, is the last element of a forceful life, it is one that has certainly been implied and perhaps included in what has been said, but one that deserves separate and special emphasis.

He closed with a few words to the members of the graduating class.

The valedictorian, Thomas Holmes McCormick, presented his theme in an eloquent and forcible manner. His style of oratory was pleasing and effective, and from the fact that he spoke without notes his remarks were all the more appreciated.

Professor Lane then addressed the board of education, saying that it was with regret that he surrendered the young ladies and gentlemen before him. Hon. S. M. Foster addressed the audience a few moments on the value of a collegiate education, stating "that the most important thing a student learns in school, is how to learn." He addressed a few appropriate remarks to the graduates, and then presented the diplomas.

The classical graduates were: Charles Douglass Barrett, Guy Reed Bell, Hugh Worthington Croxton, Mary Margaret Hanna, Lee Foster Hartman, Marian Johnston Hartman, Gertrude Ethel Morris, Maude Franklin Sperry, James Park Swayne, Grace Tinkham, Edward Ralph Yarnelle.

Latin—Mabel Gertrude Crosby, Clyde Floyd Driesback, Phoebe Ellison, Clarence Elmer Fryer, Augusta Emelia Hormel, Bertha Sarah Huestis, Herbert Wilson Lang, George Perry McDonald, Thomas Holmes McCormick, Ethel Pearson, Nancy Elnora Scott, Lucretia Powell Seybold, Cornelius Marcellus Smith.

English—Oscar Russell Brokaw, Anna Mary Clark, Nellie Clark, Walter Henshaw Crim, Rosa May Gardner, Myrtle Pearl Haines, Carrie Alva Hauck, Charles Lansdowne, Elizabeth Martha Lapp, Emilie Jane Reese, Emma Marie Sauer.

After the exercises were concluded a reception was held at the Wayne club. Reineke's orchestra furnished music for twenty-five dances, and refreshments, consisting of cooling ices and frappes, were served. The rooms were crowded with the invited friends and relatives of the class.

MADE AN OFFER

For the Maumee Avenue Gravel Road Today.

The Commissioners Have Fixed the Maximum Price at $3,000---Court Items of Interest.

The county commissioners are making an honest effort to free all the toll roads in Allen county, but will protect the interests of the county in doing so. This morning Attorneys Breen & Morris, representing the Maumee Avenue Gravel Road company, were in consultation with the commissioners and before they left the commissioners made a bona fide offer of $3,000 for the road. They state positively that this is the maximum price. Some time ago the county offered $4,500 for the same property, but since Judge O'Rourke has decided that improvements must be made, the board has cut this offer by one-third. Messrs. Breen & Morris were not satisfied with the offer and said they did not believe it would be accepted, but the commissioners are confident it will, as the improvements will cost up into the thousands of dollars.

COURT NOTES.

Mahlon Thomas brought into the recorder's office four fox scalps on which he claimed and received a bounty of $1.50 apiece. Mr. Thomas resides in Jackson township and has killed the foxes during this year. One was killed in Maumee township and the other three in Jackson township.

Sheriff Melching was at Dixon, Ohio, today on official business.

County Treasurer Hunter returned from Indianapolis last evening where he made settlement with the state auditor of Allen county's taxes. There were still eight counties to settle when Mr. Hunter left the capital.

Earl Repine and Margaret Bly have been licensed to wed.

A dispatch from Anderson to the Indianapolis Sentinel says that the garnishee law which has caused so much consternation among the working people of the gas belt, received a very hard jolt at the hands of Judge McClure Monday. William Black, an employe of the city, had been garnisheed. The case was appealed to the circuit court. Answer was made to the complaint that the defendant was a householder and entitled to $800 exemption. Judge McClure overruled the demurrer to this answer, and the pleading was held good. This is the first time the new law has been passed upon by an Indiana judge.

ALLEN COUNTY SECOND.

Only Marion County Has More School Children.

The school enumeration as announced places Allen county second with a total of 23,353 school children, an increase of 865. The three leading counties are: Marion, 44,118; Allen, 23,353; Vanderburg, 20,834. Poor old Vigo only shows up with 17,681. The state shows an increase of more than 16,000.

A COUPLE in Pennsylvania walked forty miles to find a justice of the peace to marry them and then decided they were not suited to each other. If more lovers would subject themselves to a preparatory test of this sort there would be fewer divorces.

THE total acreage of Texas in cotton this year is estimated at 7,433,946 acres, which is an increase of a little more than 9½ per cent. over 1896, and the largest in the history of the state. Cotton is all planted, the crop being two or three weeks late, due in many cases to replanting.

THE London Times takes comfort in publishing a table showing that in the ordinary course of nature the thrones of Germany, Russia, Greece and Roumania will be occupied by decendants of Queen Victoria. Judging from the past, no especial advantage will arise either to these powers or Great Britain from these royal relationships. Such ties did not prevent the wresting of Schleswig-Holstein from Denmark nor preserve the king of Greece from a walloping by Turkey. "Kin" counts for little among nations.

ON the 14th day of June 1777, the present flag consisting of the stars and stripes—red, white and blue,—was adopted as the flag of our country. Ever since that time it has been symbolic of everything that is patriotic, humane and progressive. It is the handsomest banner that floats in the breeze, and is honored and respected in every land, on every sea. In some localities the day is observed and a special display made of the starry banner.

AN Arkansas lawyer, who was a native of North Carolina, not long ago wanted to inform a juror, also a native of North Carolina, that they both hailed from the same state. So he dropped some chewing gum, stepped upon it, and pretended that his heel had stuck to the floor. This gave him an opportunity to say that he was a "tar heel" and that the warmth of the room had made the tar run. The verdict proved that the tar heels stuck together.

FOGS are said to be great purifiers of the atmosphere. There is a belief that smoke may be turned into a hygenic ally and be made to help preserve the public health. It is suspected that the breathing of arsenic and other minerals in a finely divided state, as it is found in the smoke from some furnaces, may account for the immunity from epidemics enjoyed by certain industrial districts, while pestilence has raged in elevated residence towns not far distant.

THE report of the Jewish Colonization association for 1896, published in Paris, is the first issued since the death of Baron Hirsch. The council has been chiefly occupied with the affairs of the Jewish agricultural colonies in Argentina, which are, on the whole, satisfactory, although the colonists have suffered severely from unfavorable weather and from swarms of locusts. The colonists have not lost courage, and very few have asked to be taken away. Great attention is being paid by the council to promoting education in all parts of the world. In Russia and Poland a great deal has been done to improve the lot of the Jewish residents, and it is satisfactory to know that the Russian government seems disposed to view the operations of the association with friendliness.

"IF MY life is prolonged," said John Sherman in the closing lines of his "Recollections of Forty Years," "I will do all I can to add to the strength and prosperity of the United States, but nothing to extend its limits or to add new dangers by an acquisition of foreign territory." The same John Sherman put his signature Monday to the treaty for the annexation of Hawaii. Time occasionally brings striking changes in men's moods and opinions, and the period covered by this change is short, for the "Recollections" were published only about two years ago. "When I said I would die a bachelor," remarked Benedick, "I did not think I should live till I were married." Shifts of political base are the penalties which long and prominent public service entail. In Sherman's half a century career they have come often, but in every statesman's career which has covered eight or ten years they come sometimes. "Several things have happened since I took that position," said Disraeli to a political opponent who drew the deadly parallel on him, "and the difference between the honorable gentleman and myself is that I grasp this fact and he does not."

The Diamond King.

The suicide of Barney Barnato, who is known to the commercial world as the "diamond king," illustrates a phase of mental abberration for which science offers no explanation. He was a man of high-spirited and usually of buoyant health. Recently he has suffered from a severe fever, which seemed to affect his brain, although he had recovered so far as to be able to leave Cape Town, in South Africa, for his home in England.

Barney Barnato was an Israelite and was proud of his race. The stories that have been published of his obscure origin, to the effect that he was at one time a clown in a traveling circus and that he only learned to read after his marriage are emphatically denied by his wife and friends, who say that he came from a Jewish family of the highest respectability and that he received a good English education during his youth.

Wealth did not seem to satisfy the cravings of Barney Barnato. He was rated one of the richest subjects of Queen Victoria, his operations in mining stocks in Africa having been the source of his fortune. Since his illness he has been depressed almost to the verge of mania, imagining himself in danger of failure and poverty. To remove him from the atmosphere of business he was being taken back to England in company with his wife and children where it was hoped he would soon recover his usual health. His leap from the vessel was so sudden that he was out of reach of aid before the officers gained sufficient self-possession to turn back to rescue him.

This is the season when the 17-year locust is due to make its appearance. It appeared in 1880 and is not due again after this year until 1914. It is an old established brood and was reported in Ohio as early as 1795. The section which will be visited, according to scientists, is comprised of Southwestern Pennsylvania, West Virginia, Western Virginia, Southern Ohio and Southern Indiana.

This evening, at their lodge rooms corner of Wayne and Calhoun streets, will occur the presentation of banners to Fort Wayne hive No. 6, L. O. T. M. A pleasing program has been prepared and all are cordially invited.

GOOD WORK GOES ON.

Bids Opened for Numerous City Improvements.

Sewers and Sidewalks in Various Localities—Contractors Put in Low Figures for Work.

The board of works met in regular session last evening and transacted considerable business. Bids were opened for work as follows:

For constructing a brick sidewalk on the east side of Monroe street, from Berry to Washington street, J. F. W. Horstman bid 30 cents per lineal foot. His bid not being in regular form was not considered. For the same work Charles Schreck bid 50 cents; C. E. Moellering & Co., 31 cents, and George Wilhelm, 27 cents.

For grading the alley between Summit and Lewis streets, from Cedar to McCulloch streets, John Draker bid 14 cents per lineal foot; C. E. Moellering & Co., 10 cents; George Wilhelm, 12 cents; Julius Remus, 10 cents; Geary & Co., 19 cents; J. F. W. Horstman, 20 cents.

For constructing a brick sidewalk on the north side of Huestis avenue, from the west line of lot 26 Thompson's second addition to Thompson avenue, J. F. W. Horstman bid 20 cents per lineal foot; Julius Remus, 22 cents; George Wilhelm, 25 cents; C. E. Moellering & Co., 23 cents.

For constructing a brick walk on the west side of Thompson avenue, from Heustis avenue to the first alley north, J. F. W. Horstman bid 23 cents; Julius Remus, 23 cents; Geo. Wilhelm, 25 cents; C. E. Moellering & Co., 24 cents.

For constructing a brick walk on the west side of St. Mary's avenue, from Putnam street to the north line of lot 57, Archer's addition, C. E. Moellering & Co. bid 28 cents; George Wilhelm, 23 cents; J. F. W. Horstman, 24 cents.

The above bids were taken under consideration by the board and the contracts will be awarded today.

The engineer's plans for a twelve-inch vitrified brick sewer in the rear of lots 23 and 28, Rockhill's amended addition, were approved. A resolution was adopted providing for a sewer from the west side of Jackson street to the Nickel Plate road's right of way.

The bond was approved and permission given to Ansolm Krock to raise and relay by private contract sidewalks abutting on lots 65, 67, 68 and 69, Schute's homestead addition. A. Gerbeding was given permission to do the same work on property abutting, lot 131, Ewing's addition.

The petition of J. F. W. Horstman for a sewer builder's license was received and filed. A number of street brooms were ordered to be purchased from H. C. Austin & Co., of Chicago.

No remonstrances being heard against constructing a clay pipe sewer from Walton avenue to Fletcher avenue, between Penn street to Wayne trace, the resolution ordering the work was confirmed.

The same action was taken on a resolution providing for a brick sidewalk on both sides of Wells street from Huffman street to the old feeder canal property; also on a resolution to construct a brick walk on the north side of Bluff street to the west side of Cherry street, also for the grading of Pape avenue; also for the vacating of an alley from Jefferson to Washington street, between Webster and Ewing streets. A resolution passed at the last meeting providing for an alley between Grant and Wabash avenues, from Winch street to the Wabash railway, was amended in a few minor details.

AT ROBISON PARK.

The Children Will Tomorrow Enjoy a Day in Their Honor.

The prospects are that children's day at Robison park tomorrow will be one of the largest events of the season. Most every child in the city will take advantage of the half fare and enjoy their day's vacation at the park. All children are eligible for the events of the program and handsome first and second prizes will be given by Manager Robison to the winners of each event. The tickets are on sale at all the drug stores and at the office of the company. They must be purchased in advance, as full fare will be collected on the cars.

There will be a number of ordinations to the priesthood at the Cathedral in a few days, and two of the young candidates for orders are sons of Fort Wayne parents. They are Mr. William H. Hogan and Mr. George Horstman, both of whom arrived home this morning from Mt. St. Mary's seminary, Cincinnatti, where they have just completed their theological studies. Both pursued their classical studies at St. Lawrence seminary, Calvary, Wis., and completed the philosophical and theological course at Mt. St. Mary's. There will be two others admitted to the priesthood at the same time, and there will be four ordinations for the Fort Wayne diocese at the seminary, making eight priests in all. Other theologians who arrived home this morning are John Noll, Thomas Jansen, Henry Kappel and Thomas Mungoven.

Yesterday afternoon, at the residence of Mr. and Mrs. C. F. Barner, 155 Montgomery street, occurred the marriage of their daughter, Addie, to Harry J. Bradley, the son of Captain and Mrs. William Bradley. The ceremony was performed by Rev. Miller, of the St. Paul's Lutheran church, in the presence of friends and relatives. After the ceremony an elaborate supper was served. Many beautiful presents were received. For the present the couple will reside with his parents at the Grand Central.

A live bird shoot was held at the Lakeside range yesterday. Out of fifteen shots the participants scored as follows: Taylor, 15; Brown, 13; Fahnestock, 13; Wittzengreuter, 12; Miller, 12.

HERR HIT HARD

When Hits Were Needed by the Governors,

Eight Runs Scored in the Fourth and Fifth Innings—Thirteen Innings at New Castle.

INTER-STATE LEAGUE.

Wheeling	19	24	.442
Youngstown	18	24	.429
Springfield	17	24	.415
Fort Wayne	17	25	.405

The Ohio Governors seem to be Fort Wayne's especial hoodoos. All the other teams can lambast the life out of them, but the Maroons are always their victims. Herr was in the box for the Maroons and was effective in every inning except the fourth and fifth, when his curves were straightened out for a total of eight runs. Both clubs had ginger and Eddie O'Meara made a sensational one-hand catch in center field. Darby will twirl today. Ed Hurd has been appointed manager of the Springfields.

OTHER INTER-STATE GAMES.

NEW CASTLE, Pa., June 18.—The locals won a hard fought, thirteen inning game yesterday. Score:

New Castle 0 0 0 0 3 0 0 0 0 0 0 0 1—4
Wheeling..0 0 0 0 1 0 1 1 0 0 0 0 0—3

Hits—New Castle, 11; Wheeling, 5. Errors—New Castle, 3; Wheeling, 4. Batteries—Hickman and Donovan; Garvey and Toft.

DAYTON, Ohio, June 18.—Toledo and Dayton battled for second place today and the former won by superior stick work. There were ten bands in attendance and the music upset the locals. Score:

Toledo.......0 0 6 0 0 0 0 0 0— 6
Dayton.......0 0 1 0 0 0 0 0 0— 1

Hits—Dayton, 8; Toledo, 10. Errors—Dayton, 2; Toledo, 2. Batteries—Emig and Weand; Ferguson and Arthur. Umpire—Keefe.

MANSFIELD, Ohio, June 18.—Ely's splendid pitching and his own two two-baggers were the principal factors that won the game for Mansfield. Score:

Mansfield ....3 0 0 2 0 0 0 1 1— 4
Youngstown..1 0 0 0 1 0 1 0 0— 3

Hits—Mansfield, 10; Youngstown, 6. Errors—Mansfield, 2. Batteries—Ely and Lynch; Kimball and Zinram.

RESULTS YESTERDAY.

Western Association—St. Joseph, 9; Des Moines, 5.

Michigan State League—Saginaw, 6; Port Huron, 9. Kalamazoo, 9; Bay City, 1. Lansing, 21; Jackson, 5.

INTER-STATE LEAGUE

Fort Wayne at Springfield.
Toledo at Dayton.
Youngstown at Mansfield.
Wheeling at New Castle.

NOTES.

New Castle has decided to give Pitcher Johnston another chance.

Pitchers Donnell and McIlvaine have been released by Springfield.

Armour and Youngman, owners of the Dayton team, are at Cincinnati looking after new players.

Springfield is still on the hunt of a manager. Billy Earle and Guy Hecker are mentioned in connection with the job.

"Cy." Swaim refused to go to Richmond. He says he wants to come to the Inter-State if he must be relegated to a minor league.

Fred Lake, catcher, has jumped the Kansas City team and gone to his home in Boston. He was mad because Manager Manning doubled him up in a sleeper. Lake was the best catcher in the Western league.

The Fort Wayne High Schools defeated the Darktown Slappacks by a score of 14 to 7. Batteries—Hopkins and Eggemann Brown and Jones. The features were Hopkins' pitching and Moten's base running. Umpire, George Porter.

"Kid" Ogden has been released by Terre Haute, as has also Bob Langsford and Pitcher Hughes. Stroble will probably sign Langsford to play short stop for Toledo and Hughes will play with Mansfield.

President Johnson, of the Western league, was given to understand that John Clarkson would take a position as umpire, and, accordingly, he wired Clarkson, offering him a place. Yesterday Clarkson replied: "Many thanks, but I am out of baseball for good."

Bert Inks is playing fine ball in the eastern league. He won a game at Buffalo the other day and the papers had much to say about his magnificent pitching. He has lost but two games during the season and these only through ill luck and errors by other players and then only by a single run.

Brodie's record in the second Wheeling game at Youngstown is one that will stand unequaled in the Inter-State league for some time to come. He held his opponents down to five hits, all singles, gave not a man his base on balls, made four hits in four times at bat, one being a double, and shut the opposing team out without a run.

A New Castle special says: "President George Lamoree received a letter from Manager Vanderbeck, of the Detroit team, asking him to put a price on Hickman. Mr. Lamoree wrote back that he was not putting a price on him, for he is wanted here. More than that, when Hickman goes from New Castle he will go to the National league."

President Freedman of the New York club announced yesterday that the Yale-Princeton game would be played in New York at Manhattan Field on Saturday afternoon of this week at 2 o'clock. The regular National league game between New York and Cleveland teams will begin at the Polo grounds after the conclusion of the college game.

Now that a machine to do the work of the base ball pitcher has been invented and has been found to work successfully, there is room for hope that mechanical substitutes for catchers, baseman, fielders, batsmen and umpires will also be built. In time perfectly satisfactory automata may replace even the spectators. Then "scores" can be made at much less expense than at present, and a large amount of energy, now wasted, can be put to good uses.

Dayton Times: "Elmer Flick did not get many hits on this trip, but is about due for four or five today. Speaking of hitters, there never was a minor league player that has hit as regular or as hard as this man Flick. His batting average this year is over 600, and last year during the whole season his average was 438, which, in itself, is something wonderful. Besides being a hard hitter, he is a great fielder and fast runner, and it will be hard for the local club to hold him, as several big league clubs are looking at him. It is rumored that Pittsburg people are talking of him so much that the club owners are anxious to have him in place of one of the men on their club."

A HEALTHY WIFE

Is a Husband's Inspiration.

A sickly, half-dead-and-alive woman, especially when she is the mother of a family, is a damper to all joyousness in the home. I sometimes marvel at the patience of some husbands.

If a woman finds that her energies are flagging and that everything tires her, her sleep is disturbed by horrible dreams, and that she often wakes suddenly in the night with a feeling of suffocation and alarm, she must at once regain her strength.

It matters not where she lives, she can write a letter. Mrs. Pinkham, of Lynn, Mass., will reply promptly and without charge. The following shows the power of Lydia E. Pinkham's Vegetable Compound, accompanied with a letter of advice:

"Dear Mrs. Pinkham:—I have suffered for over two years with falling, enlargement and ulceration of the womb, and this spring, being in such a weakened condition; caused me to flow for nearly six months. Some time ago, urged by friends, I wrote to you for advice. After using the treatment which you advised for a short time, that terrible flow stopped. I am now gaining strength and flesh and have better health than I have had for the past ten years. I wish to say to all distressed suffering women, do not suffer longer, when there is one so kind and willing to aid you."—MRS. F. S. BENNETT, Westphalia, Kans.

Around Yellowstone Park.

"A climb up Electric Peak; a ride over Mount Everts; a trip to Yancey's; paddling about Yellowstone Lake; camping out down at Two Ocean Pass; a ride into the Hoodoo country; an excursion down the Madison to Riverside—all these can be made from some one of the hotels as a rendezvous, and take my word for it you will be surprised at the results.

"Make up a party of congenial spirits for vacation time in 1897 and go out to Yellowstone Park and see how much of its 3,344 square miles can be seen before you return. Spend the heated summer season at hotels where the temperature and altitude will allow genuine comfort and recreation."

The above is from a description of Yellowstone Park in "Wonderland '97." This book will be sent to any address by Chas. S. Fee, General Pass. Agent, Northern Pacific Railway, St. Paul, Minn., upon receipt of six cents. june17-tf

DIED SUDDENLY.

An Ex-Wabash Yardmaster Stricken by Apoplexy.

A Train Derailed at Huntington—Engineer Bowden Loses His Wife—News of the Rail and Shop.

George Moore died at 2 o'clock this morning, at his home in Huntington, death being due to apoplexy, which came upon him suddenly and unexpectedly. Mr. Moore formerly resided in this city, going hence to Andrews when the division terminal of the Wabash was changed. For a number of years he was night yardmaster for the Wabash at Andrews, but tiring of that occupation, he resigned and moved to Huntington. There he embarked in the mercantile business three years ago and was thus engaged at the time of his demise. Mr. Moore had many friends in this city, who will be pained to hear of his sudden death.

DEATH OF MR. SCHEMERHORN.

News has been received of the death of Flavel Schemerhorn, the Nickel Plate agent at New Haven, which occurred at Buchanan, Mich., last Wednesday. Mr. Schemerhorn formerly resided in this city, being for some years in the Nickel Plate freight office. Those who knew him will remember the overwhelming affliction, the loss of his wife and child, which overtook him, and partially broke down his health. It was a sad blow from which he never recovered. Lately the superior officer of Mr. Schemerhorn granted him a three months' vacation, hoping that he would be able to recuperate his health. He went with this purpose in view to Buchanan, Mich., where the climate at first seemed to ignore him, but there was a turn in the tide and he rapidly failed until the end. Consumption was the cause of his death. Mr. Schemerhorn was thirty-eight years old. He was generally liked in railroad circles and elsewhere. His services were highly valued by the railroad company, which recognized in him a man of integrity, faithfulness and zeal. He was full of energy to the last. The remains were shipped to Nottawa, Mich., where they were laid to rest beside those of his wife, the obsequies occurring today. I. B. Havens and O. B. Fitch, of this city, attended the funeral.

A TRAIN DERAILED.

Wabash train No. 7 went off the derail at the Chicago and Erie crossing in Huntington yesterday, and was delayed by the accident over two hours. The engine, the mail car, the baggage car and the front trucks of the smoker left the tracks. Engineer Mead says he was running too fast and could not stop. He reversed his engine and applied the air, but not soon enough to do any good. He said he thought he had the target his way, and was watching a man with a flag on the crossing.

A SERIOUS MISHAP.

James Burns, son of Blacksmith James Burns, of 53 Charles street, was seriously injured by jumping from a Wabash train in Toledo yesterday. The young man had gone to that city to visit some relatives, and to save time and a long walk, he left the train as it was entering the city and while it was running at a high speed. He was thrown to the ground and knocked senseless by the fall. Later he was placed upon a train and brought home, where he now lies in a bad physical way. Jimmy formerly worked in the Pittsburg blacksmith shop, where he operated a steam hammer.

DEATH OF AN ENGINEER'S WIFE.

Mrs. John Bowden, of Crestline, Ohio, died suddenly at her home yesterday morning. The lady had been in poor health, but her condition yesterday morning was apparently no worse than it had been for some weeks, and her husband went out on his run as usual. He had just left Crestline when Mrs. Bowden was taken worse, and he was summoned home, where he found his wife a corpse. A year ago a son of the engineer was killed by passenger train No. 8. The young man, who was an operator, had charge of the tower near Bucyrus, Ohio, and was killed at the end of the double track.

BRIEF MENTION.

A. Burchard, of the Pittsburg planing mills, is sick and off duty.

Since January 1 southern roads have purchased 100 locomotives at a cost of $1,100,000.

Sickness in his family keeps Rufus Ormiston from his duties in the Bass blacksmith shop.

Capt. R. H. Harrison is suffering from an attack of heart disease, and was unable to attend to business today.

It is understood that Oliver W. Mink, of Boston, will be elected president of the reorganized Union Pacific.

Commencing tomorrow the electric works will be closed at noon on Saturdays during the summer months.

The fifty physicians and surgeons in the employ of the Santa Fe lines have organized a medical and surgical society.

Pennsylvania Policeman Fox ran in four men who were found trespassing on the company's property this morning.

On Sunday and Monday morning the Panhandle delivered at Pittsburg from the west 103 carloads of live stock and ninety-four carloads of dressed meats in refrigerator cars.

Master Mechanic C. H. Doebler, of the Wabash, went to St. Louis last night.

H. H. Burbank, assistant ticket receiver for the Pittsburg, is in Chicago today.

Ben McFerran is again at his desk in the office of the Pittsburg storeroom, after a few days' illness.

Samuel Wass, jr., and Conny Sullivan, employes of Rhinesmith & Simonson, now ride bicycles to and from their work.

John Slater, James Roche, Henry Danmeyer and David Roche, of the Pittsburg blacksmith shop, are taking a short vacation.

During the month of May an average of 5,000 carloads of live stock per day were handled on the Santa Fe lines north or east-bound.

The Wabash runs free reclining chair cars between Buffalo and Chicago, being the first line to introduce free chairs east of Chicago.

Ed Miller, of the Pittsburg machine shop, left on his wheel this morning for Wabash. He expects to return in the same manner next Sunday.

It will require nearly $3,000,000 to pay the dividend declared by the Vanderbilt lines on Monday, at the directors' meeting of the several companies.

A. E. Barnes, superintendent of the bicycle works at Plymouth and assistant superintendent of the electric works, is here to spend the balance of the week.

A telegram from Sioux City, Iowa, last evening conveyed to J. Q. McClellan, the Pittsburg engineer, the sad news of the death of his mother, which occurred yesterday.

Martin Wyer and his son, Benjamin Wyer, of the Pittsburg shops, went to Chicago last night to attend the funeral of Louis Wyer, mention of whose death is made elsewhere.

All the through trains of the Wabash between Detroit and Buffalo over the Grand Trunk are manned by six conductors who have been in service twenty-six years on the Grand Trunk.

The local Wabash ticket agent has been notified that the Christian Endeavor rate from this city to San Francisco will be $27.25. The purchaser will have five or six routes to choose from.

Baggagemaster George P. Gordon, of the Pittsburg, has returned from Lancaster, Ohio, the home of his childhood, where he spent a week with relatives. Mrs. Gordon accompanied him.

The clerks in Superintendent Potter's and Master Mechanic Fitzpatrick's offices, will play their annual ball game one week from tomorrow. The contest will probably come off at Centlivre's park.

Jule Simons and William Harrison, machinists in the Pittsburg shop, will go to St. Joseph, Mich., tomorrow to visit a week. They will devote a portion of the vacation to fishing in a lake near the town.

The Electric corporation will put in an addition to the plant at Erie, Pa., and with that end in view this morning shipped a 3,000-light alternating dynamo, with a number of transformers and metres, to that city.

Julius Tonne, of the Fort Wayne Iron works, had a little unpleasant experience with a "road hog" on the New Haven pike last evening. Mr. Tonne was crowded into the ditch and his wheel was slightly damaged.

Master Mechanic Samuel Wass, of Rhinesmith & Simonson's, has returned from Columbia City, where he was called a few days ago to attend the funeral of his grandchild, the little son of Mr. and Mrs. Clarence Nulf.

The railways are throwing out every inducement to tourists this season. The latest is an ocean trip from Old Point Comfort to New York in connection with tourist rates on the Big Four and the Chesapeake and Ohio railroads.

The Wabash company will run another excursion into this city from Logansport on July 4, when it is expected to bring in over 1,000 people. The fare will be $1 for the round trip, with a proportionate rate from intermediate points.

Indianapolis Journal: "An impression prevails that trains of the Wabash will be running into Indianapolis within the next sixty days over the Lake Erie and Western, and the trains of the Lake Erie and Western running into Chicago over the Wabash line."

Division superintendents and train masters say that not in years have there been so many applications for employment as now. Every morning the officers are besieged by men who want to go to work, and it is not infrequent that wives make appeals for their husbands.

S. H. H. Clark, president of the Union Pacific railroad and one of its directors, is quite ill at his home in St. Louis. He is under the treatment of a specialist in diseases of the throat and lungs. As soon as possible it is the intention to move the patient to some place in the west, where the climate is dry.

Engineer McDonald and Fireman Archer went up to Chicago this morning to bring down a special train bearing Vice Presidents James McCrea and Joseph Wood, of the Pennsylvania company, and Vice President S. M. Prevost, of the Pennsylvania railroad. The train arrived here at 3 o'clock, but did not tarry long.

Fireman Wilkerson, of the Wabash, who was overcome with heat while on his engine at Clymers Monday last, and was conveyed to the company's hospital on a special train, is dead. This is the first case where death resulted from heat prostration to a railroad engineman for years. He was well known and greatly esteemed by his fellow employes.

Indianapolis Journal: "The Panhandle is again doing an immense freight business over its Pittsburg division. On Sunday last there were forty east-bound freight trains and thirty west-bound trains run between Columbus and Pittsburg, and with the Pittsburg, Fort Wayne and Chicago a marked increase in business has been shown in the last few days."

The work of decorating the engines which will haul the Pennsylvania shopmen to Rome City tomorrow is in progress. There are four of them, viz: Nos. 56, 55, 44 and 43. The crews will be Engineers Patrick Lupkin, John Abercombie, A. Lopshire and W. C. Kelker and Firemen Joquath, Wadsworth, L. Stonehouser and W. Galligher, all Grand Rapids and Indiana employes.

The Sea Serpent's Successor.

Never more will the sea serpent bristling,
  Squirting fumes from his nostrils, disport
On the crest of the billow that's whistling,
  As the [illegible] of the summer resort.
He must soon, as the hot weather hummer,
  Hide his head in the deep coral cave,
For the airship's the [illegible] of the summer
  That's sunshine on the land and the wave.

First the airship astounds Saccarappa,
  Then it's down to Nantucket it flies;
Then it flits like a wraith over Napa,
  While emitting Greek fire from its eyes.
Oh, it snorts in a whirlaway fashion,
  Leaving sulphurous fumes in its wake,
And the Boniface bets in his passion
  'Twill the crown from the sea serpent rake.

The hotel men are novelties seeking,
  For they wish to remain in the swim.
Oh, the serpent with moth holes is reeking,
  Though with camphor he's filled to the brim;
He is coiled in the cellar, most tainted,
  Like the hose that along the lawn spurts.
Ne'er again with bright stripes he'll be painted
  In the style of our gay summer shirts.

Then hurrah for the airship uncanny,
  While it glides with imperious pomp
From Beersheba over to Dany,
  Through the forest and slime crying fine swamp!
Wave reflected as in a smooth pier glass.
  May it like the proud albatross soar
And be seen through the tip tilted beer glass
  When the sea serpent wriggles no more.

ATTACKED BY A COUGAR.

The Beast Leaped Full at the Locomotive of an Express Train.

To do battle with a huge mountain lion 7 feet in length and 253 pounds in weight, on a trestle at night, is the thrilling experience that befell Edward C. Depew, an engineer on the Great Northern railroad. The fierce beast leaped at the engine and narrowly escaped crashing through the window of the cab. Altogether the episode was one of the most exciting that a railroad man has ever experienced. Mr. Depew's statement is as follows:

"I was the engineer in charge of engine No. 219 of the Great Northern, which was attacked by a monster cougar, or mountain lion. I was pulling the overland passenger train going east, and as we were a few minutes late we were trying to make up a little time. After we had left Lowell, and almost two miles east of there, about half way across a long trestle, my fireman, George Lawrence, jumped down off his seat box and came quickly to my side of the engine. I noticed a startled look on his face, and, turning quickly, asked what was the matter, but he did not speak. All he could do was to glare through the window of the cab and point ahead. I looked ahead and saw, through the darkness, some black looking object on the track. My first thought was of some obstruction on the track. For a second the thought of jumping flashed through my mind, but I banished it. This takes quite a while to tell, but it could only have been a few seconds at the most in which it all happened.

"As soon as I saw the obstruction on the track I felt that a possible accident was at hand. Nothing could be done. We were too close to the danger, and the fright had the same effect on me that it had on Lawrence. It took away my power of speech. Instinctively I crawled out of the cab on to the side of the engine. The train dashed on, and an instant after I had discerned the form I saw the monster's eyes flashing through the darkness, green and yellow by turns. Lawrence was still in the cab, speechless, with fixed eyes, and finger outstretched toward the animal. His expression was frightful to look upon. As the train approached the lion I could see it prepare to spring, and finally, when the leap was made, the force was astonishing. To jump then was certain death, for we were right in the center of the trestle, and yet as the lion made its leap I could almost feel its hot breath on my throat.

"When the engine crashed into the beast, or it crashed into the engine, whichever way you wish to put it, the lion fell back on to the trestle, writhing as if in frightful agony, and then, for the first time, I realized that the danger was over. I learned afterward that the cougar, after we had struck it, lodged in the cross ties of the trestle. It was found there by the train crew of engine 498, who picked it up and brought it to Skykomish. There it was skinned. The claws were taken by some of the other firemen and engineers, who had watch charms made of them, which are very attractive and look somewhat like the emblem worn by the Knights Templars."

The beast was still alive when the men of No. 498 discovered it, but its hind legs were cut off, and when the men got down to investigate they kept at a safe distance until it was known to be dead. In fact, Foreman John C. Wright would not go near it until he had emptied a couple of chambers of his revolver into it. Then they fastened it to the cowcatcher.—Lowell (Wash.) Letter in Philadelphia Times.

THE UMPIRE'S SCORN.

He Knew His Man and Was Not at All Alarmed.

Melancholy had been doing her best to mark the umpire for her own, but up to the eighth inning she had not been able to leave a dint. He was one of the few whom nature seems to have especially fitted for the responsibilities thrust upon them in this life. Quick of speech, haughty and overbearing, and wholly indifferent to the rights of others, he delivered his decisions in a way which almost invariably commanded respect, even though it failed to carry conviction. But the penalty which he paid for success in his career was a heavy one. His disposition was irretrievably ruined. He had become habitually sarcastic. The player upon whom three strikes had just been called was speaking up with all the enthusiasm of a man who realizes that this is a free country and that the voice of the people as it ascends from the bleaching boards is on his side.

"T'ree strikes nottin!" was the loud, laconic comment which caused the umpire to look upon him with a majestic glare and exclaim:

"What's dat?"

"I said t'ree strikes nottin, an dat's what."

The altercation proceeded until, in a paroxysm of indignation, the player lifted his bat as a weapon.

"Look out!" shouted one of the players. "He's goin to hit ye."

But the umpire never flinched.

"Don't ye have no fears," he said as he stood in statuesque defiance. "After what he's been doin at the bat I don't feel that I'm runnin no risks whatever. He may strike at me, but there ain't any mortal chance of his touchin anything."—Washington Star.

HIRONS' VEGETONE.

It can be Procured at Your Druggists.

The Effective Vegetable Tonic for Constipation, Indigestion, Malaria, Liver, Kidney, Nerve Troubles, and Headache.

Use Hirons Double Treatment for Catarrh and Hay Fever.

Use Hirons New Asthma and Cough Cure for Asthma, Bronchitis, Pneumonia, Coughs, Colds, Throat and Lung Troubles.

Vegetone is purely vegetable in its composition. It is a reliable and permanent cure for diseases of the liver and kidneys, constipation, chills, malarial fever, loss of appetite, and a sure and effectual cure for headache and dyspepsia.

Vegetone acts by giving tone to the stomach, strengthening the liver and kidneys, and assists these most important organs in throwing off the impurities in the blood. Every person, in the spring of the year, needs a good, safe tonic for the replenishing of the system after a winter of inactivity, and Vegetone will produce the desired effects, being purely vegetable and a mild, pleasant laxative, thus throwing off the bile from the stomach, producing new vigor.

CATARRH.

One of the most troublesome and dangerous diseases known to mankind, can in the large majority of cases, be permanently cured. Many who were victims to that disease have been cured, and many more are being cured. Double treatment for Catarrh does its work effectually; clearing it out of the head, driving it out of the blood, where it exists, and ever will exist, unless the health destroying virus is eradicated from the system. Cure it. For it is not only a constant discomfort, but a perpetual menace to life. Use the New Asthma and Cough Cure as the blood purifier, and the Speedy Catarrh Cure for the nasal treatment for Catarrh, and soon those troublesome and distressing symptoms will disappear. The constant dripping of the mucous into the throat, and the pain in the head will cease. The hearing, sight, smell, and taste will be restored.

HAY FEVER.

Hay Fever, or Hay Asthma as it is often called, is a combination of Bronchial and Nasal affections. The immediate cause and source of irritation being of external origin, attacking individuals during the months of May, June and August. The pollen of hay, dried grasses and rag-weed comes in contact with the nasal and bronchial membranes, involving all the air passages, causing immediate irritation, frequently disabling persons afflicted therewith. The great discomfort and suffering, say nothing of the the loss of life caused by this terrible disease, may be avoided by using Hirons' Double Treatment, which is a sure, safe and permanent cure. Commence using the medicine at once, and get your system in condition to resist the effect of these agencies upon the mucous membrane, thereby keeping the tissues in a healthy condition.

ASTHMA.

Asthma is a contraction of the nerves connected with the lungs, and is produced by three causes. First, by sensitive area of mucous membrane. Second, an abnormally sensitive nerve center, and third, by an external irritant. With all three of these factors simultaneously, an attack of Asthma is produced. The disease often arises from Heart trouble, nasal catarrh and dyspepsia. Some of the symptoms, short, quick, difficult breathing, wheezing, with spells of coughing and suffocation. Asthma is supposed by some to be incurable, but the use of a few bottles of Hirons' New Asthma and Cough Cure will prove to the contrary.

A Hay-fever Victim Made Happy.

The Hirons Medicine Co., Fort Wayne, Ind.

GENTLEMEN:—I have been afflicted with Hay-Fever in its most malignant form for years. The first attack would appear in June. During August and September My sufferings were intense. Water would run from my eyes and nose, the paroxysm of sneezing were uncontrollable, and I had terrible burning pains in my head. I learned of your Double Treatment for Catarrh and Hay-Fever and procured it at once. After having used three bottles of the remedies I was entirely cured. I heartily endorse your valuable medicine, and advise all Hay-Fever sufferers to give it a trial. (SIGNED.)

Believes It Saved Her Life.

The Hirons Medicine Co

GENTLEMEN:—I wish to tell you how thankful we are for the great good your medicine has done for our daughter, Mrs. John Metcalf. We sincerely believe that it saved her life. In November she had a bad case of LaGrippe, it left her with an awful cough. Our family physician informed her husband that she was threatened with consumption. We knew not what course to pursue, until one day when Mrs. Metcalf was reading your advertisement in the WEEKLY SENTINEL she resolved to try a bottle of your new Asthma and Cough Cure. After using the remedy for a short time she was able to sit up in bed. In two weeks she was up and around. Her cough ceased, and now she is entirely cured, and advises all who have lung or throat trouble to give your medicine a trial.

Yours Truly,
SAMUEL DISLER.

ROME CITY AND RETURN SUNDAY 6:30 a. m.

50c Round Trip.

At the Grand Canyon of the Yellowstone.

"Where the road turns to the left at Grand View, walk out over the salient of rock at the angle itself, sit down on the farthest chimney shaft, over rocks naturally white, but now blackened by weathering. If possible, go there in the morning or in the latter part of the afternoon. At noontime the light is too strong, and the details of the canyon are smothered, and the individuality of the walls killed. But with a soft morning or afternoon light every detail of one or the other of the walls leaps out from the general mass as if instinct with life. And what a wonderful sea it is that lies beneath and beyond us. A painted sea, not of water but of rock. And such painting! Try to distinguish the decided colors and their infinite variations. The most wonderful part of it is the rare blending, where one fades into another, and yet thou canst detect neither the beginning nor the ending."

The above is taken from "Wonderland 97," a new tourist book that tells all about Yellowstone Park.

Send to Chas. S. Fee, Gen'l. Pass. Agent, Northern Pacific Railway, St. Paul, Minn., six cents and get "Wonderland 97." 17tf

LUCKY SHRIVER.

He Meets the Fate of Havemeyer and Searles.

Not Guilty of Contempt—Newspaper Witnesses Now Within the Privileged Class.

WASHINGTON, June 18.—John S. Shriver, the correspondent of the New York Mail and Express, today was declared not guilty of contempt in refusing to answer questions of the senate committee in relation to the sugar trust investigation. Mr. Shriver was the fourth of the alleged recalcitrant witnesses. Messrs. Havemeyer and Searles, president and secretary of the American Sugar Refining company, both having been discharged, while Broker Elverton Chapman was convicted and served one month in jail. Judge Bradley based his decision in the Shriver case on two points, first that the witness had not been legally summoned, and second, that the question asked him was not pertinent. The contention of the defense that communications to newspaper men are privileged as a class, the same as are communications to priests, lawyers and physicians, the court refused to sustain, but as the court did on the other hand hold that to ask the witness the name of his informant was not a pertinent question, the counsel for the defense now holds that a precedent is established which virtually brings newspaper witnesses within the privileged class.

BIG STREET RAILWAY DEAL.

Three Companies in St. Louis Sold to a New Syndicate.

ST. LOUIS, June 18.—Negotiations for the purchase of the three street car lines, two of which are electric and the other cable, comprising what is known as the Mora Railroad company, have been closed. Edward S. Whittaker, president of the Lindell street railway system, and C. D. McClure, one of the heaviest stockholders of the system are the purchasers. The price paid was somewhere between $165 and $170 per share and several million dollars changed hands. It is presumed that the deal was made on behalf of the Lindell company and that the new acquisition will be made part of that system.

CHARGED WITH MURDER.

Dr. Freeman Admitted as Much but Declared His Innocence.

SAUSALITO, Cala., June 18.—Dr. L. Freeman, an itinerant physician in Sausalito is dead. Coroner Eblen, acting in the capacity of public administrator has taken charge of the property. Diamonds and jewelry to the value of $7,500 are now said to be missing and the authorities will institute an investigation. Dr. Freeman came to Sausalito from the east. It is known that he was a fugitive from justice and that he had fled from London, England, to avoid arrest for murder. He admitted this to his intimate friends, but asserted his innocence.

WEYLER'S GOOD SENSE.

He Displays a Little in Riding an American Horse.

KANSAS CITY, Mo., June 18.—Weyler, the Spanish general, will soon be astride a saddle horse which was bought in Kansas City and raised somewhere in Missouri. The animal has been shipped via New Orleans to Weyler by a local firm which has sent nearly 500 mules to Cuba during the past sixty days for the Spanish army. Recently an order came from Weyler for a first class saddle horse and a handsome bay was selected. It is stated that the price paid was $300.

LOST HIS JOB

Because He Testified as to a Signature in the Davis Will Case.

SAN FRANCISCO, June 18.—Despite the fact that he was compelled to testify in the Davis will case to the effect that he believed the signature to the alleged will to be a forgery George Amy, after ten years service as paying teller for the First National bank of this city, has been summarily discharged for having violated the confidence of that institution in his startling testimony.

FURNACES TO RESUME.

Business is Picking Up in the Mahoning Valley.

YOUNGSTOWN, Ohio, June 18.—Within a short time three furnaces in the Mahoning valley which have been out of blast for some time will resume. They are the Struther's furnace at Struthers, the Andrews Bros. & Co. furnace and the furnace of the Youngstown Steel company of this city. The Andrews & Hitchcock furnace at Hubbard resumed operations Tuesday.

Rev. L. D. McCabe is Dead.

DELAWARE, Ohio, June 18.—Rev. Lorenzo D. McCabe, D. D., LL.D., for fifty years a professor in the Ohio Wesleyan university and a distinguished author and theologian in the Methodist Episcopal church, died at 3 o'clock here this morning in his eighty-first year.

Illinois Telephone Companies Organize.

SPRINGFIELD, Ill., June 18.—About fifty delegates from the most important independent telephone companies yesterday effected a state organization and selected delegates to the national convention at Detroit on June 23.

An Editor Dead.

TROY, N. Y., June 18.—The Hon. John M. Francis, senior proprietor and editor in chief of the Troy Times, and ex-minister of the United States to Austria, Greece and Portugal, died at his home in this city today.

APPALING RUIN

The Result of the Earthquake in India.

Buildings Collapsed, Crops Ruined and a Scarcity of Food Expected—Shocks Continue to be Felt.

CALCUTTA, June 18.—Almost the whole of the province of Assam has been devastated by the earthquake. The ruin is appalling. The courts, treasuries, jails and hospitals have collapsed. The loss of food supplies is enormous. The crops are mostly ruined and great scarcity of food is expected. All traffic is difficult as numbers of the roads have been completely demolished. Earthquake shocks still continue to be felt in the province of Assam and much alarm is felt especially as renewed shocks have been reported from various places in Bengal. Heavy rains are immensely increasing the damage.

The three divisions of the Ancient Order of Hibernians gave a lawn festival at the corner of Calhoun and Williams street last evening. The lawn was prettily decorated and an orchestra furnished delightful music. It is estimated that 3,000 people participated in the pleasures of the evening.

TARIFF BILL.

Evidence That It Will be Pushed Rapidly Along.

A Movement Looking Towards a Conference of Republicans and Democrats Upon the Schedules.

WASHINGTON, June 18.—The progress made with the tariff bill during the past few days has encouraged many senators to believe that the bill will be completed sooner than generally anticipated. There is a fair understanding between the republican senators and their democratic opposition that the bill will not be delayed in any manner by extended speeches made for the purpose of delay. The senate seems anxious to get away as soon as possible. The democrats will not come to any agreement as to fixing times for certain schedules to be considered or to limit the time in any manner until there can be a definite understanding as to the intention of the republicans concerning the proposed monetary commission, which, it is said, the president will recommend before the adjournment of congress.

It has been pointed out that there will be great difficulty in retaining a quorum here after the tariff bill has passed and that, among other considerations, may result in an informal understanding that the tariff will be the only important question to be considered at this session of congress.

Already there is talk of consideration of the tariff bill in conference. The republican members of the ways and means committee are noting the changes in the bill from day to day and preparing themselves to consider the bill in conference with the least possible delay. The committee has not acted as a body, so nothing can be said as to the determination of the house members on any particular schedules.

Democratic senators became involved in a warm factional wrangle this afternoon. Mr. Bacon, of Georgia, criticised his associates for not supporting a revenue duty on raw materials and was warmly replied to by Mr. Vest, who called attention to the pleasure these democratic discords gave republicans. He tried to commit Mr. Bacon to the doctrine that he (Bacon) wanted his share of the plunder if there was to be a tariff robbery, but Bacon repudiated this and said he wanted benefits equalized. Mr. Tillman bluntly interjected that if there was to be a plundering he would see that South Carolina got her share.

DEATHS AND FUNERALS.

Louis J. Weyer, Formerly of This City, Dies at Chicago of Consumption.

Pauline Ex, four months' old daughter of Henry Ex, died in spasms last night at the family residence, No. 4 University street.

Yesterday morning at 10:30, at the family residence, corner of State and Twenty-second streets, Chicago, occurred the death of Louis J. Weyer, formerly of Fort Wayne. Death was due to tuberculosis. For many years the deceased was a resident of this city, and began his career as a drug clerk for Dreier Bros. of this city. For several years he has owned a large drug store at Chicago. His parents formerly resided in Bloomingdale, and he has a sister and two brothers still living in this city.

The funeral of John Schulz will take place Sunday afternoon at 4 o'clock from St. Mary's Catholic church. The members of St. Michael's union, of which he was a member, will attend. The obsequies will be conducted by Father O'Leary. Council, C. B. L.

BIG CYCLONE

Destroys Property at Eaton and Hartford City.

A telegram was received in Fort Wayne this afternoon stating that a big cyclone swept along the Lake Erie and Western railroad south of here.

The Eaton paper mill owned by A. B. Trentman, John Mohr, Charles McCulloch, Barney O'Connor and Stephen Fleming was blown down, and at 4 o'clock the owners went to the scene of disaster. The paper mill carried $10,000 cyclone insurance.

CHICKEN ROAST.

Jacob Johnson Sustains a Big Loss of Poultry.

During the electrical storm Wednesday evening, the large barn of Jacob Johnson, living on the county line near Sheldon, was struck by lightning and entirely consumed, together with all its contents. About a hundred chickens were burned in their coop, which adjoined the barn.

LOCAL LINES.

Dr. J. W. Younge will lecture next Tuesday night at St. Marys, Ohio, for the benefit of the A. O. U. W. lodge.

The teachers of the Miner school will give a supper at Robison park this evening, at which Superintendent Study and wife will be the guests of honor.

Dr. J. D. Chambers, accompanied by Charles Tyrrell, of Urbana, Ind., will leave in a couple of days for Adrian, Mich., to visit the doctor's sister. They will make the trip by carriage.

A team belonging to Jacob Miller, a farmer residing a few miles northeast of the city, ran away this morning near the Fruit House. The only occupant of the wagon was a woman, who would probably have fared badly but for the timely capture of the horses.

BARNEY BARNATO

Once Traveled With the Royal London Circus.

He Was Not a Clown, but Called the String in the Cannon Ball Act.

OAKLAND, Cala., June 18.—Fred Holtum, who lives in Berkeley, denies the story told by the sister of Barney Barnato that her brother never played in a circus. Holtum says that he and Barney Barnato performed together in the same ring in London many years ago.

"I first met Isaacs, or Barnato, as he afterwards called himself, while working in John Holtum's royal London circus many years ago. Isaacs and his brother Jake joined the circus at Leeds. My brother John, the 'cannon ball king,' did an act when he was shot at by a cannon which I fired. Barnato held the ropes that bound my brother. John would give the order to fire at his head. At the word 'fire' Barnato was supposed to let loose the ropes so that my brother could catch the cannon ball. On one occasion, young Isaacs, or Barnato, became 'rattled' and at the signal 'fire' he did not loosen his hold on the ropes, but tightened it instead. The big ball plowed along the top of John's head and left him with an ugly scalp wound.

"From that moment to this I have never laid eyes upon Barnato and his two brothers. The two Isaacs, as we then called them, did not even wait to draw the salary due them, and we never heard of Barney again until his African success made him world-wide famous."

TO WALK ON WATER

From Pittsburg to Cincinnati, a Distance of 400 Miles.

Robert Cook Wagered $1,000 That He Can Perform the Feat—Will Start September 1.

PITTSBURG, Pa., June 18.—Robert Cook, of Boston, is in Pittsburg arranging to perform the remarkable feat of walking from Pittsburg to Cincinnati on water, a distance of 400 miles. Cook is the inventor of a pair of shoes, by which he can walk on water. He claims that with the use of them he can make as good time as a man walking along an asphalt pavement. Cook offered to wager $1,000 that he would walk a distance of 400 miles in fourteen days and do it easily. This was quickly taken by John Leopold, a west side saloonkeeper of that city. Cook deposited his side of the bet and the saloonkeeper did the same. The money is now in the hands of a responsible stakeholder and all that remains for Cook to do to be richer by $1,000 is to demonstrate his ability to walk on the Ohio. The start will be made from the Sixth street bridge in this city on September 1, at noon. He will be accompanied by a small steam launch. After completing his arrangements here Cook will go in training on Lake Pontchartrain, La.

BOMBS GALORE.

Another One Found on the Streets of Paris—May be a Hoax.

PARIS, June 18.—The Soleil says that a fresh bomb was discovered at 10:30 this morning at the corner of the Boulevard St. Denis and the Rue St. Denis. The find in other quarters is declared to be only a harmless hoax.

A POPULAR COUPLE.

Wedding of Harry Willson and Miss Mabel Van Vranken at Grand Forks, N. D.

The announcement of the wedding of Harry Willson and Miss Mabel Van Vranken, at Grand Forks, N. D., was made a few weeks ago, and as some interest attaches to the nuptials by reason of the groom's former residence in this city, the following extract will be welcome reading. Mr. Willson is a son of M. S. Willson, of the electric works, and a brother of Clint Willson, of the First National bank. The young lady has visited here and during her visits she cultivated many friendships. The Grand Forks Plain Dealer says:

"The marriage of Harry Willson and Miss Mabel Van Vranken took place at 9 o'clock at the residence of the bride's parents, in the presence of members of the two families and a few invited friends. The ceremony was performed by Rev. Hamilton Spence, and the young couple will at once begin housekeeping in a residence which Mr. Willson has prepared in Riverside Park. Mr. Willson's parents have been in the city for some time waiting for the happy event, which was all the more enjoyable for their presence. Mr. Willson has been a resident of the city for a number of years, and has shown himself to be a young man of excellent business ability, good habits and irreproachable moral character. Miss Van Vranken, since her arrival in the city several years ago, has won the friendship of everyone with whom she has come in contact, and the Plaindealer simply voices the sentiments of all their friends when it wishes the young couple unbounded happiness and prosperity.

The music features were worthy of special mention. In addition to the instrumental music by Professor James, vocal selections were rendered by Miss Fannie Lowry, of Fort Wayne, Ind., and J. E. Clifford, of this city. Miss Lowry's voice is remarkably clear and pure and her singing was greatly enjoyed. Mr. Clifford's tenor is too well known in Grand Forks to need words of praise. When it is said that he was at his best no more need be added.

WILL GO THROUGH.

New Opera House Project Has Been Pushed to Success.

Enough Subscriptions Secured to Insure the Enterprise—Stockholders Will Meet Next Tuesday.

Mr. Bash, who has been soliciting subscriptions for the new opera house, assured THE SENTINEL reporter today that the venture would succeed. He stated that enough subscriptions have already been secured. A meeting of the stockholders has been called for next Tuesday evening, when the project will be put in definite shape. The new building will be erected on the property of Hon. J. H. Bass, opposite the Aldine block on East Berry street and its cost will be in the neighborhood of $100,000. The plans, which have been prepared by Grindle & Weatherhogg, are for a building complete in its appointments as a first class theatre and beautiful in its architectural design.

NEW LODGE.

Branch of the Sexennial League in This City.

The Organization Starts Out With Thirty-Three Members—Officers Elected for the Ensuing Year.

Another fraternal beneficiary order has been added to the list of Fort Wayne lodges of this character, the organization having been perfected last evening. It is a branch of the Sexennial League and it has been christened Home lodge, No. 491. Edward Fletcher, D. S. P., officiated as the instituting officer. Thirty-three members signed the charter and the following officers were elected:

Past President—Thomas Thomson.

President—Charles Bilton.

Vice President—Thomas Drake.

Chaplain—Mary A. Stair.

Secretary and Treasurer—George A. Stair.

Marshal—Mrs. McDole.

Sentinel—Millie Drake.

Outer Guard—Charles Jacoby.

Trustees—George L. Ashley, Henry McDole and Thomas Drake.

This is the first branch of the order in the state, but it is the purpose of Mr. Fletcher to extend its growth as fast as possible. He will go from here to Muncie, where a new lodge will be formed as soon as he can work it up.

LOCAL LINES.

Contractor Liebman has begun work on the Holton school contract.

Chauncey L. Griffith has been confined to his home by illness several days.

Miss Lulu Johnston, of Fowler, Ind., is visiting Mrs. C. C. Miller, of Lafayette street.

Miss Carrie Boyles, of Miner street, has gone to Decatur, Ind., for a visit of several days.

Miss Emma Nillis has returned to her home in Huntington after a visit with relatives in the city.

William Schuster entertained a number of his friends last evening, in celebration of his twenty-fourth birthday.

Lucien Boyles and family, of Chicago, are guests of his parents, Mr. and Mrs. R. D. Boyles, of Miner street. They will remain a week.

Among the guests at the Wayne: M. Dunn, Dennison, Ohio; W. E. Parsons, Boston; H. R. Morris, Decatur, Iowa; C. W. Denicker, Milwaukee; E. Davis, Toledo; James Murdock, Lafayette; B. F. Wallis, St. Louis.

Among the guests at the Randall: George J. Eppers, Huntington, G. B. Marshall, Indianapolis, M. Eckhart, Auburn, E. B. Ensworth, Toledo; Marion Jenkins, Detroit, L. Engelking, Indianapolis; James H. McCormick, Bluffton.

Today City Engineer Randall is taking observations for the proposed sewer on Buchanan street to relieve the flood of water that rushes upon the inhabitants of the Tenth ward, below the Frenchtown hill. If he finds that it will not be advisable to construct such a sewer another remedy will be looked for.

Next Sabbath the Grace Reformed church will observe children's day. Extensive preparations have been made for the services morning and evening. At 10:30 a. m. the pastor will have a short talk for the children and parents, entitled "A Bird Sermon." This service will be interspersed with recitations and singing by the children and young people. In the evening at 8 o'clock the program will be entirely by the Sabbath school. The Sabbath school scholars will be furnished with appropriate badges for the day.

HONORS CONFERRED.

High School Graduates Receive Their Diplomas.

Exercises at the Masonic Temple Followed by a Reception at the Fort Wayne Club.

Thirty-five pupils of the Fort Wayne High school received their diplomas of graduation last evening. The commencement exercises were held at the Masonic Temple before a large audience. On the stage were seated the members of the graduating class, the members of the school board, Supt. J. N. Study, Prof. C. T. Lane, other teachers of the High school, Dr. John M. Coulter, of Wabash college, who delivered the address of the evening, and Rev. L. L. Henson. Prof. Lane, who was in charge of the program, announced the speakers. The exercises were opened by an overture rendered by Reineke's orchestra, which also interspersed the program with its music, the excellence of which was heightened by a cornet solo given by Prof. J. L. Verweire, who has recently located in the city to take the leadership of the City band.

The opening prayer was made by Rev. L. L. Henson, pastor of the First Baptist church.

The salutatorian, Miss Myrtle Haines, delivered her words of welcome in a manner that at once impressed the audience. Her graceful presence, self possessed delivery of speech, and the beautiful expression of her theme were the cause of universal admiration for the speaker.

Dr. Coulter, who made the address to the class, spoke on the subject "The Elements of Power."

The speaker dwelt for some time on the enthusiasm that is essential to make an education complete. He spoke of it as the propulsive force, the motive power, persistent effort.

Preparation, said the speaker, is a second quality of the man of force. It has been seen that a genuine enthusiasm may be ill directed and so spend itself aimlessly.

Observation was the third point dwelled upon by the speaker.

A fourth element in leadership is the power of adaptation which he said is one of the most important laws of the organic world and the continued existence of organic life depends upon obedience to it.

Growth, said the speaker, is the last element of a forceful life, it is one that has certainly been implied and perhaps included in what has been said, but one that deserves separate and special emphasis.

He closed with a few words to the members of the graduating class.

The valedictorian, Thomas Holmes McCormick, presented his thesis in an eloquent and forcible manner. His style of oratory was pleasing and effective, and from the fact that he spoke without notes his remarks were all the more appreciated.

Professor Lane then addressed the board of education, saying that it was with regret that he surrendered the young ladies and gentlemen before him. Hon. S. M. Foster addressed the audience a few moments on the value of a collegiate education, stating "that the most important thing a student learns in school, is how to learn." He addressed a few appropriate remarks to the graduates, and then presented the diplomas.

The classical graduates were: Charles Douglas Barrett, Guy Reed Bell, Hugh Worthington Croxton, Mary Margaret Hanna, Lee Foster Hartman, Marian Johnston Hartman, Gertrude Ethel Morris, Maude Franklin Sperry, James Park Swayne, Grace Tinkham, Edward Ralph Yarnelle.

Latin—Mabel Gertrude Crosby, Clyde Floyd Drushack, Phoebe Ellison, Clarence Elmer Pryor, Augusta Emelia Hormel, Bertha Sarah Huestis, Herbert Wilson Lang, George Perry McDonald, Thomas Holmes McCormick, Ethel Pearson, Nancy Elnora Scott, Lucretia Powell Seybold, Cornelius Marcellus Smith.

English—Oscar Russell Brokaw, Anna Mary Clark, Nellie Clark, Walter Henshaw Crim, Rose May Gardner, Myrtle Pearl Haines, Carrie Alta Hauck, Charles Lansdowne, Elizabeth Martha Lapp, Emilie June Reese, Emma Marie Sauer.

After the exercises were concluded a reception was held at the Wayne club. Reineke's orchestra furnished music for twenty-five dances, and refreshments consisting of cooling ices and frappes were served. The rooms were crowded with the invited friends and relatives of the class.

MADE AN OFFER

For the Maumee Avenue Gravel Road Today.

The Commissioners Have Fixed the Maximum Price at $3,000—Court Items of Interest.

The county commissioners are making an honest effort to free all the toll roads in Allen county, but will protect the interests of the county in doing so. This morning Attorneys Breen & Morris, representing the Maumee Avenue Gravel Road company, were in consultation with the commissioners and before they left the commissioners made a bona fide offer of $3,000 for the road. They state positively that this is the maximum price. Some time ago the county offered $4,500 for the same property, but since Judge O'Rourke has decided that improvements must be made, the board has cut this offer by one-third. Messrs. Breen & Morris were not satisfied with the offer and said they did not believe it would be accepted, but the commissioners are confident it will, as the improvements will cost up into the thousands of dollars.

COURT NOTES.

Mahlon Thomas brought into the recorder's office four fox scalps on which he claimed and received a bounty of $1.50 apiece. Mr. Thomas resides in Jackson township and has killed the foxes during this year. One was killed in Maumee township and the other three in Jackson township.

Sheriff Melching was at Dixon, Ohio, today on official business.

County Treasurer Hunter returned from Indianapolis last evening where he made settlement with the state auditor of Allen county's taxes. There were still eight counties to settle when Mr. Hunter left the capital.

Earl Repine and Margaret Bly have been licensed to wed.

A dispatch from Anderson to the Indianapolis Sentinel says that the garnishee law which has caused so much consternation among the working people of the gas belt, received a very hard jolt at the hands of Judge McClure Monday. William Hack, an employe of the city, had been garnisheed. The case was appealed to the circuit court. Answer was made to the complaint that the defendant was a householder and entitled to $600 exemption. Judge McClure overruled the demurrer to this answer, and the pleading was held good. This is the first time the new law has been passed upon by an Indiana judge.

ALLEN COUNTY SECOND.

Only Marion County Has More School Children.

The school enumeration as announced places Allen county second with a total of 23,352 school children, an increase of 865. The three leading counties are: Marion, 41,115; Allen, 23,352; Vanderburg, 20,834. Poor old Vigo only shows up with 17,681. The state shows an increase of more than 18,000.

A couple in Pennsylvania walked forty miles to find a justice of the peace to marry them and then decided they were not suited to each other. If more lovers would subject themselves to a preparatory test of this sort there would be fewer divorces.

The total acreage of Texas in cotton this year is estimated at 7,433,000 acres, which is an increase of a little more than 8½ per cent. over 1896 and the largest in the history of the state. Cotton is all planted, the crop being two or three weeks late, due in many cases to replanting.

The London Times takes comfort in publishing a table showing that in the ordinary course of nature the thrones of Germany, Russia, Greece and Roumania will be occupied by descendants of Queen Victoria. Judging from the past no especial advantage will arise either to these powers or Great Britain from these royal relationships. Such ties did not prevent the wresting of Schleswig-Holstein from Denmark nor preserve the king of Greece from a walloping by Turkey. Kin counts for little among nations.

On the 14th day of June, 1777, the present flag consisting of the stars and stripes—red, white and blue—was adopted as the flag of our country. Ever since that time it has been symbolic of everything that is patriotic, humane and progressive. It is the handsomest banner that floats in the breeze, and is honored and respected in every land, on every sea. In some localities the day is observed and a special display made of the starry banner.

An Arkansas lawyer, who was a native of North Carolina, not long ago wanted to influence a juror, also a native of North Carolina, that they both hailed from the same state. So he dropped some chewing gum, stepped upon it, and pretended that his heel had stuck to the floor. This gave him an opportunity to say that he was a "tar heel," and that the warmth of the room had made the tar run. The verdict proved that the tar heels stuck together.

Forests are said to be great purifiers of the atmosphere. There is a belief that smoke may be turned into a hygienic ally and be made to help preserve the public health. It is suspected that the breathing of arsenic and other minerals in a finely divided state, as it is found in the smoke from some furnaces, may account for the immunity from epidemics enjoyed by certain industrial districts, while pestilence has raged in elevated residence towns not far distant.

The report of the Jewish Colonization association for 1896, published in Paris, is the first issued since the death of Baron Hirsch. The council has been chiefly occupied with the affairs of the Jewish agricultural colonies in Argentina, which are, on the whole, satisfactory, although the colonists have suffered severely from unfavorable weather and from swarms of locusts. The colonists have not lost courage, and very few have asked to be taken away. Great attention is being paid by the council to promoting education in all parts of the world. In Russia and Poland a great deal has been done to improve the lot of the Jewish residents, and it is satisfactory to know that the Russian government seems disposed to view the operations of the association with friendliness.

"If my life is prolonged," said John Sherman in the closing lines of his "Recollections of Forty Years," "I will do all I can to add to the strength and prosperity of the United States, but nothing to extend its limits or to add new states by an acquisition of foreign territory." The same John Sherman put his signature Monday to the treaty for the annexation of Hawaii. Time occasionally brings striking changes in man's moods and opinions, and the period covered by this change is short, for the "Recollections" were published only about two years ago. "When I said I would die a bachelor," remarked Benedick, "I did not think I should live till I were married." Shifts of political base are the penalties which long and prominent public service entail. In Sherman's half a century career they have come often, but in every statesman's career which has covered eight or ten years they come sometimes. "Several things have happened since I took that position," said Disraeli to a political opponent who drew the deadly parallel on him, "and the difference between the honorable gentleman and myself is that I grasp this fact and he does not."

The Diamond King.

The suicide of Barney Barnato, who is known to the commercial world as the "diamond king," illustrates a phase of mental aberration for which science offers no explanation. He was a man of high spirits and usually of buoyant health. Recently he has suffered from a severe fever, which seemed to affect his brain, although he had recovered so far as to be able to leave Cape Town, in South Africa, for his home in England.

Barney Barnato was an Israelite and was proud of his race. The stories that have been published of his obscure origin to the effect that he was at one time a clown in a traveling circus and that he only learned to read after his marriage are emphatically denied by his wife and friends, who say that he came from a Jewish family of the highest respectability and that he received a good English education during his youth.

Wealth did not seem to satisfy the cravings of Barney Barnato. He was rated one of the richest subjects of Queen Victoria, his operations in mining stocks in Africa having been the source of his fortune. Since his illness he has been depressed almost to the verge of mania, imagining himself in danger of failure and poverty. To remove him from the atmosphere of business he was being taken back to England in company with his wife and children where it was hoped he would soon recover his usual health. His leap from the vessel was so sudden that he was out of reach of aid before the officers gained sufficient self possession to turn back to rescue him.

GOOD WORK GOES ON.

Bids Opened for Numerous City Improvements.

Sewers and Sidewalks in Various Localities—Contractors Put in Low Figures for Work.

The board of works met in regular session last evening and transacted considerable business. Bids were opened for work as follows:

For constructing a brick sidewalk on the east side of Monroe street from Berry to Washington street, J. F. W. Horstman bid 20 cents per lineal foot. His bid not being in regular form was not considered. For the same work Charles Schreck bid 20 cents; C. E. Moellering & Co., 21 cents, and George Wilhelm, 22 cents.

For grading the alley between Summit and Lewis streets, from Calhoun to McCulloch streets, John Drake bid 11 cents per lineal foot; C. E. Moellering & Co., 10 cents; George Wilhelm, 12 cents; Julius Remus, 9 cents; Geary & Co., 19 cents; J. F. W. Horstman, 20 cents.

For constructing a brick sidewalk on the north side of Broadway avenue, from the west line of lot 26 Thompson's second addition to Thompson avenue, J. F. W. Horstman bid 20 cents per lineal foot; Julius Remus, 22 cents; George Wilhelm, 25 cents; C. E. Moellering & Co., 23 cents.

For constructing a brick walk on the west side of Thompson avenue, from Broadway avenue to the first alley north, J. F. W. Horstman bid 23 cents; Julius Remus, 23 cents; George Wilhelm, 25 cents; C. E. Moellering & Co., 24 cents.

For constructing a brick walk on the west side of St. Mary's avenue, from Putnam street to the north line of lot 57, Archer's addition, C. E. Moellering & Co. bid 25 cents; George Wilhelm, 23 cents; J. F. W. Horstman, 24 cents.

The above bids were taken under consideration by the board and the contracts will be awarded today.

The engineer's plans for a twelve-inch vitrified brick sewer in the rear of lots 23 and 25, Rockhill's amended addition, were approved. A resolution was adopted providing for a sewer from the west side of Jackson street to the Nickel Plate road's right of way.

The bond was approved and permission given to Anselm Kruck to raise and relay by private contract sidewalks abutting on lots 65, 67, 68 and 69, Schute's homestead addition. A. Gerbeling was given permission to do the same work on property abutting lot 121, Ewing's addition.

The petition of J. F. W. Horstman for a sewer builder's license was received and filed. A number of street lamps were ordered to be purchased from H. C. Austin & Co., of Chicago.

No remonstrance being heard against constructing a clay pipe sewer from Walton avenue to Fletcher avenue, between Dunn street to Wayne trace, the resolution ordering the work was confirmed.

The same action was taken on a resolution providing for a brick sidewalk on both sides of Wells street from Huffman street to the old feeder canal property; also on a resolution to construct a brick walk on the north side of Bluff street to the west side of Cherry street, also for the grading of Pape avenue; also for the vacating of an alley from Jefferson to Washington street, between Webster and Ewing streets. A resolution passed at the last meeting providing for an alley between Grant and Wabash avenues, from Winch street to the Wabash railway, was amended in a few minor details.

AT ROBISON PARK.

The Children Will Tomorrow Enjoy a Day in Their Honor.

The prospects are that children's day at Robison park tomorrow will be one of the largest events of the season. Most every child in the city will take advantage of the half fare and enjoy their day's vacation at the park. All children are eligible for the events of the program and handsome first and second prizes will be given by Manager Robison to the winners of each event. The tickets are on sale at all the drug stores and at the office of the company. They must be purchased in advance, as full fare will be collected on the cars.

There will be a number of ordinations to the priesthood at the Cathedral in a few days, and two of the young candidates for orders are sons of Fort Wayne parents. They are Mr. William H. Horan and Mr. George Horstman, both of whom arrived home this morning from Mt. St. Mary's seminary, Cincinnati, where they have just completed their theological studies. Both pursued their classical studies at St. Lawrence seminary, Calvary, Wis., and completed the philosophical and theological course at Mt. St. Mary's. There will be two others admitted to the priesthood at the same time, and there will be four ordinations for the Fort Wayne diocese at the seminary, making eight priests in all. Other theologians who arrived home this morning are John Noll, Thomas Jansen, Henry Kappel and Thomas Mungovan.

Yesterday afternoon, at the residence of Mr. and Mrs. C. F. Barner, 145 Montgomery street, occurred the marriage of their daughter, Addie, to Harry J. Bradley, the son of Captain and Mrs. William Bradley. The ceremony was performed by Rev. Miller, of the St. Paul's Lutheran church, in the presence of friends and relatives. After the ceremony an elaborate supper was served. Many beautiful presents were received. For the present the couple will reside with his parents at the Grand Central.

A live bird shoot was held at the Lakeside range yesterday. Out of fifteen shots the participants scored as follows: Taylor 14, Brown 13, Lambstock 10, Wittenberger 12, Mann 12.

The Ohio Governors seem to be Fort Wayne's especial hoodoo. All the other teams can knock the life out of them, but the Maroons are always their victims. Herr was in the box for the Maroons and was effective in every inning except the fourth and fifth, when his curves were straightened out for a total of eight runs. Both clubs had ginger and Eddie O'Meara made a sensational one-hand catch in center field. Darby will twirl today. Ed Hurd has been appointed manager of the Springfields.

THE SCORE.

[illegible]

OTHER INTER-STATE GAMES.

New Castle, Pa., June 18.—The locals won a hard fought, thirteen inning game yesterday. Score:

New Castle 0 0 0 0 2 0 0 0 0 0 0 0 1—3
Wheeling . 0 0 0 0 1 0 1 1 0 0 0 0 0—2

Hits—New Castle, 11; Wheeling, 5. Errors—New Castle, 2; Wheeling, 4. Batteries — Hickman and Donovan; Garvey and Toft.

Dayton, Ohio, June 18.—Toledo and Dayton battled for second place today and the former won by superior stick work. There were ten bands in attendance and the music upset the locals. Score:

Toledo . . . . . 0 0 5 0 0 0 0 0 0—5
Dayton . . . . 0 0 1 0 0 0 0 0 0—1

Hits—Dayton, 8; Toledo, 10. Errors—Dayton, 2; Toledo, 2. Batteries—Emig and Wood; Ferguson and Arthur. Umpire—Keefe.

Mansfield, Ohio, June 18.—Ely's splendid pitching and his own two two-baggers were the principal factors that won the game for Mansfield. Score:

Mansfield . . . . 3 0 0 2 0 0 0 1 1—7
Youngstown . 1 0 0 0 1 0 1 0 0—3

Hits—Mansfield, 10; Youngstown, 6. Errors—Mansfield, 2. Batteries—Ely and Lynch; Kimball and Zinram.

RESULTS YESTERDAY.

National League—Chicago, 7; Boston, 11. Cincinnati, 8; Brooklyn, 1. New York, 5; Cleveland, 0. Other games were postponed by rain.

Western League—Milwaukee, 3; Detroit, 4. Grand Rapids, 5; St. Paul, 6. Minneapolis, 3; Columbus, 10. Indianapolis, 5; Kansas City, 1.

Western Association—St. Joseph, 9; Des Moines, 5.

Michigan State League—Saginaw, 6; Port Huron, 9. Kalamazoo, 9; Bay City, 1. Lansing, 21; Jackson, 5.

INTER-STATE LEAGUE.

Fort Wayne at Springfield.
Toledo at Dayton.
Youngstown at Mansfield.
Wheeling at New Castle.

NOTES.

New Castle has decided to give Pitcher Johnston another chance.

Pitchers Bonnell and McIlvaine have been released by Springfield.

Armour and Youngman, owners of the Dayton team, are at Cincinnati looking after new players.

Springfield is still on the hunt of a manager. Billy Earle and Guy Hecker are mentioned in connection with the job.

"Cy" Swain refused to go to Richmond. He says he wants to come to the Inter-State if he must be relegated to a minor league.

Fred Lake, catcher, has jumped the Kansas City team and gone to his home in Boston. He was mad because Manager Manning doubled him up in a sextet. Lake was the best catcher in the Western league.

The Fort Wayne High Schools defeated the Darktown Stoppicks by a score of 14 to 5. Batteries: Hopkins and Eggemann; Brown and Jones. The features were Hopkins' pitching and Moten's base running. Umpire, George Porter.

"Kid" Ogden has been released by Terre Haute, as has also Bob Langsford and Pitcher Hughes. Strobble will probably sign Langsford to play short stop for Toledo and Hughes will play with Mansfield.

President Johnson, of the Western league, was given to understand that John Clarkson would take a position as umpire, and, accordingly, he wired Clarkson, offering him a place. Yesterday Clarkson replied: "Many thanks, but I am out o' baseball for good."

Bert Inks is playing fine ball in the eastern league. He won a game at Buffalo the other day and the papers had much to say about his magnificent pitching. He has lost but two games during the season and these only through ill luck and errors by other players and then only by a single run.

Brodie's record in the second Wheeling game at Youngstown is one that will stand unequaled in the Inter-State league for some time to come. He held his opponents down to five hits, all singles, gave not a man his base on balls, made four hits in four times at bat, one being a double, and shut the opposing team out without a run.

A New Castle special says: "President George Lamm received a letter from Manager Vanderbeck, of the Detroit team, asking him to put a price on Hickman. Mr. Lamm wrote back that he was not putting a price on him, for he is wanted here. More than that, when Hickman goes from New Castle he will go to the National league."

President Freedman of the New York club announced yesterday that the Yale-Princeton game would be played in New York at Manhattan Field on Saturday afternoon of this week at 2 o'clock. The regular National league game between New York and Cleveland teams will begin at the Polo grounds after the conclusion of the college game.

Now that a machine to do the work of the base ball pitcher has been invented and has been found to work successfully, there is room for hope that mechanical substitutes for catchers, basemen, fielders, batsmen and umpires will also be built. In time perfectly satisfactory automata may replace even the spectators. Then "rooters" can be made at much less expense than at present, and a large amount of energy, now wasted, can be put to good uses.

Dayton Times: "Elmer Flick did not get many hits on this trip, but is about due for four or five today. Speaking of hitters, there never was a minor league player that has hit so regular or as hard as this man Flick. His batting average this year is over .400, and last year during the whole season his average was .438, which, in itself, is something wonderful. Besides being a hard hitter, he is a great fielder and fast runner, and it will be hard for the local club to hold him, as several big league clubs are looking at him. It is rumored that Pittsburg people are talking of him so much that the club owners are anxious to have him in place of one of the men on their club."

A HEALTHY WIFE

Is a Husband's Inspiration.

A sickly, half-dead-and-alive woman, especially when she is the mother of a family, is a damper to all joyousness in the home. I sometimes marvel at the patience of some husbands. If a woman finds that her energies are flagging and that everything tires her, her sleep is disturbed by horrible dreams, and that she often wakes suddenly in the night with a feeling of suffocation and alarm, she must at once regain her strength.

It matters not where she lives, she can write a letter. Mrs. Pinkham, of Lynn, Mass., will reply promptly and without charge. The following shows the power of Lydia E. Pinkham's Vegetable Compound, accompanied with a letter of advice:

"Dear Mrs. Pinkham:—I have suffered for over two years with falling, enlargement and ulceration of the womb, and this spring being in such a weakened condition, caused me to flow for nearly six months. Some time ago, urged by friends, I wrote to you for advice. After using the treatment which you advised for a short time, that terrible flow stopped. I am now gaining strength and flesh and have better health than I have had for the past ten years. I wish to say to all distressed suffering women, do not suffer longer, when there is one so kind and willing to aid you."—Mrs. F. S. Bennett, Westphalia, Kans.

Around Yellowstone Park

"A climb up Electric Peak; a ride over Mount Everts; a trip to Yancey's; paddling about Yellowstone Lake; camping out down at Two Ocean Pass; a ride into the Hoodoo country; an excursion down the Madison to Riverside—all these can be made from some one of the hotels as a rendezvous, and take my word for it you will be surprised at the results.

"Make up a party of congenial spirits for vacation time in 1897 and go out to Yellowstone Park and see how much of its 3,344 square miles can be seen before you return. Spend the heated summer season at hotels where the temperature and altitude will allow genuine comfort and recreation."

The above is from a description of Yellowstone Park in "Wonderland '97." This book will be sent to any address by Chas. S. Fee, General Pass. Agent, Northern Pacific Railway, St. Paul, Minn., upon receipt of six cents. june17 1f

DIED SUDDENLY.

An Ex-Wabash Yardmaster Stricken by Apoplexy.

A Train Derailed at Huntington—Engineer Bowden Loses His Wife—News of the Rail and Shop.

George Moore died at 2 o'clock this morning, at his home in Huntington, death being due to apoplexy, which came upon him suddenly and unexpectedly. Mr. Moore formerly resided in this city, going home to Andrews when the division terminal of the Wabash was changed. For a number of years he was night yardmaster for the Wabash at Andrews, but tiring of that occupation, he resigned and moved to Huntington. There he embarked in the mercantile business three years ago and was thus engaged at the time of his demise. Mr. Moore had many friends in this city, who will be pained to hear of his sudden death.

DEATH OF MR. SCHEMERHORN.

News has been received of the death of Floyd Schemerhorn, the Nickel Plate agent at New Haven, which occurred at Buchanan, Mich., last Wednesday. Mr. Schemerhorn formerly resided in this city, being for some years in the Nickel Plate freight office. Those who knew him will remember the overwhelming affliction, the loss of his wife and child, which overtook him and partially broke down his health. It was a sad blow from which he never recovered. Lately the superior officers of Mr. Schemerhorn granted him a three months' vacation, hoping that he would be able to recuperate his health. He went with this purpose in view to Buchanan, Mich., where the climate at first seemed to improve him, but there was a turn in the tide and he rapidly failed until the end. Consumption was the cause of his death. Mr. Schemerhorn was thirty-eight years old. He was generally liked in railroad circles and elsewhere. His services were highly valued by the railroad company, which recognized in him a man of integrity, faithfulness and zeal. He was full of energy to the last. The remains were shipped to Nottawa, Mich., where they were laid to rest beside those of his wife, the obsequies occurring today. I. B. Havens and O. B. Fitch, of this city, attended the funeral.

A TRAIN DERAILED.

Wabash train No. 7 went off the derail at the Chicago and Erie crossing in Huntington yesterday, and was delayed by the accident over two hours. The engine, the mail car, the baggage car and the front trucks of the smoker left the tracks. Engineer Mead says he was running too fast and could not stop. He reversed his engine and applied the air, but not soon enough to do any good. He said he thought he had the target his way, and was watching a man with a flag on the crossing.

A SERIOUS MISHAP.

James Burns, son of Blacksmith James Burns, of 22 Charles street, was seriously injured by jumping from a Wabash train in Toledo yesterday. The young man had gone to that city to visit some relatives, and to save time and a long walk, he left the train as it was entering the city and while it was running at a high speed. He was thrown to the ground and knocked senseless by the fall. Later he was placed upon a train and brought home, where he now lies in a bad physical way. Jimmy formerly worked in the Pittsburg blacksmith shop, where he operated a steam hammer.

DEATH OF AN ENGINEER'S WIFE.

Mrs. John Bowden, of Crestline, Ohio, died suddenly at her home yesterday morning. The lady had been in poor health, but her condition yesterday morning was apparently no worse than it had been for some weeks, and her husband went out on his run as usual. He had just left Crestline when Mrs. Bowden was taken worse, and he was summoned home, where he found his wife a corpse. A year ago a son of the engineer was killed by passenger train No. 8. The young man, who was an operator, had charge of the tower near Bucyrus, Ohio, and was killed at the end of the double track.

BRIEF MENTION.

Samuel Wass, jr., and Conny Sullivan, employes of Rhinesmith & Simonson, now ride bicycles to and from their work.

John Slater, James Roche, Henry Dannmeyer and David Roche, of the Pittsburg blacksmith shop, are taking a short vacation.

During the month of May an average of 5,000 carloads of live stock per day were handled on the Santa Fe lines north or east bound.

The Wabash runs free reclining chair cars between Buffalo and Chicago, being the first line to introduce free chairs east of Chicago.

Ed Miller, of the Pittsburg machine shop, left on his wheel this morning for Wabash. He expects to return in the same manner next Sunday.

It will require nearly $3,000,000 to pay the dividend declared by the Vanderbilt lines on Monday, at the directors' meeting of the several companies.

A. E. Barnes, superintendent of the bicycle works at Plymouth and assistant superintendent of the electric works, is here to spend the balance of the week.

A telegram from Sioux City, Iowa, last evening conveyed to J. Q. McClellan, the Pittsburg engineer, the sad news of the death of his mother, which occurred yesterday.

Martin Wyer and his son, Benjamin Wyer, of the Pittsburg shops, went to Chicago last night to attend the funeral of Louis Wyer, mention of whose death is made elsewhere.

All the through trains of the Wabash between Detroit and Buffalo over the Grand Trunk are manned by six conductors who have been in service twenty-six years on the Grand Trunk.

The local Wabash ticket agent has been notified that the Christian Endeavor rate from this city to San Francisco will be $27.25. The purchaser will have five or six routes to choose from.

Baggagemaster George P. Gordon, of the Pittsburg, has returned from Lancaster, Ohio, the home of his childhood, where he spent a week with relatives. Mrs. Gordon accompanied him.

The clerks in Superintendent Potter's and Master Mechanic Fitzpatrick's offices will play their annual ball game one week from tomorrow. The contest will probably come off at Centlivre's park.

Jule Simons and William Harrison, machinists in the Pittsburg shop, will go to St. Joseph, Mich., tomorrow to visit a week. They will devote a portion of the vacation to fishing in a lake near the town.

The Electric corporation will put in an addition to the plant at Erie, Pa., and with that end in view this morning shipped a 2,000 light alternating dynamo with a number of transformers and meters, to that city.

Julius Tonne, of the Fort Wayne Iron works, had a little unpleasant experience with a "road hog" on the New Haven pike last evening. Mr. Tonne was crowded into the ditch and his wheel was slightly damaged.

Master Mechanic Samuel Wass, of Rhinesmith & Simonson's, has returned from Columbia City, where he was called a few days ago to attend the funeral of his grandchild, the little son of Mr. and Mrs. Clarence Nulf.

The railways are throwing out every inducement to tourists this season. The latest is an ocean trip from Old Point Comfort to New York in connection with tourist rates on the Big Four and the Chesapeake and Ohio railroads.

The Wabash company will run another excursion into this city from Logansport on July 4, when it is expected to bring in over 1,000 people. The fare will be $1 for the round trip, with a proportionate rate from intermediate points.

Indianapolis Journal: "An impression prevails that trains of the Wabash will be running into [illegible] over the Lake Erie and Western, and the trains of the Lake Erie and Western running into Chicago over the Wabash line."

Division superintendents and train masters say that not in years have there been so many applications for employment as now. Every morning the offices are besieged by men who want to go to work, and it is not infrequent that wives make appeals for their husbands.

S. H. H. Clark, president of the Union Pacific railroad and one of its receivers, is quite ill at his home in St. Louis. He is under the treatment of a specialist in diseases of the throat and lungs. As soon as possible it is the intention to move the patient to some place in the west, where the climate is dry.

Engineer McDonald and Fireman Archer went up to Chicago this morning to bring down a special train bearing Vice Presidents James McCrea and Joseph Wood, of the Pennsylvania company, and Vice President S. M. Prevost, of the Pennsylvania railroad. The train arrived here at 3 o'clock, but did not tarry long.

Fireman Wilkerson, of the Wabash, who was overcome with heat while on his engine at Clymers Monday last, and was conveyed to the company's hospital on a special train, is dead. This is the first case where death resulted from heat prostration to a railroad engineman for years. He was well known and greatly esteemed by his fellow employes.

Indianapolis Journal: "The Panhandle is again doing an immense freight business over its Pittsburg division. On Sunday last there were forty east bound freight trains and thirty west bound trains run between Columbus and Pittsburg, and with the Pittsburg, Fort Wayne and Chicago a marked increase in business has been shown in the last few days."

The work of decorating the engines which will haul the Pennsylvania shopmen to Rome City tomorrow is in progress. There are four of them, viz: Nos. 26, 55, 41 and 43. The crews will be Engineers Patrick Lupkin, John Abercrombie, A. Loquilire and W. C. Kelker and Firemen Jaquith, Wadsworth, L. Stoneburner and W. Gallagher, all Grand Rapids and Indiana employes.

ATTACKED BY A COUGAR.

The Beast Leaped Full at the Locomotive of an Express Train.

To do battle with a huge mountain lion 7 feet in length and 153 pounds in weight, on a trestle at night, is the thrilling experience that befell Edward C. Depew, an engineer on the Great Northern railroad. The fierce beast leaped at the engine and narrowly escaped crashing through the window of the cab. Altogether the episode was one of the most exciting that a railroad man has ever experienced. Mr. Depew's statement is as follows:

"I was the engineer in charge of engine No. 219 of the Great Northern, which was attacked by a monster cougar, or mountain lion. I was pulling the overland passenger train going east, and as we were a few minutes late we were trying to make up a little time. After we had left Lowell, and almost two miles east of there, about half way across a long trestle, my fireman, George Lawrence, jumped down off his seat box and came quickly to my side of the engine. I noticed a startled look on his face, and, turning quickly, asked what was the matter, but he did not speak. All he could do was to glare through the window of the cab and point ahead. I looked ahead and saw, through the darkness, some black looking object on the track. My first thought was of some obstruction on the track. For a second the thought of jumping flashed through my mind, but I banished it. This takes quite a while to tell, but it could only have been a few seconds at the most in which it all happened.

"As soon as I saw the obstruction on the track I felt that a possible accident was at hand. Nothing could be done. We were too close to the danger, and the fright had the same effect on me that it had on Lawrence. It took away my power of speech. Instinctively I crawled out of the cab on to the side of the engine. The train dashed on, and an instant after I had discerned the form I saw the monster's eyes flashing through the darkness, green and yellow by turns. Lawrence was still in the cab, speechless, with fixed eyes, and finger outstretched toward the animal. His expression was frightful to look upon. As the train approached the lion I could see it prepare to spring, and finally, when the leap was made, the force was astonishing. To jump then was certain death, for we were right in the center of the trestle, and yet as the lion made its leap I could almost feel its hot breath on my throat.

"When the engine crashed into the beast, or it crashed into the engine, whichever way you wish to put it, the lion fell back on to the trestle, writhing as if in frightful agony, and then, for the first time, I realized that the danger was over. I learned afterward that the cougar, after we had struck it, lodged in the crossties of the trestle. It was found there by the train crew of engine 428, who picked it up and brought it to Skykomish. There it was skinned. The claws were taken by some of the other firemen and engineers, who had watch charms made of them, which are very attractive and look somewhat like the emblem worn by the Knights Templars."

The beast was still alive when the men of No. 428 discovered it, but its hind legs were cut off, and when the men got down to investigate they kept at a safe distance until it was known to be dead. In fact, Foreman John C. Wright would not go near it until he had emptied a couple of chambers of his revolver into it. Then they fastened it to the cowcatcher.—Lowell (Wash.) Letter in Philadelphia Times.

THE UMPIRE'S SCORN.

He Knew His Man and Was Not at All Alarmed.

Melancholy had been doing her best to mark the umpire for her own, but up to the eighth inning she had not been able to leave a dent. He was one of the few whom nature seems to have especially fitted for the responsibilities thrust upon them in this life. Quick of speech, haughty and overbearing, and wholly indifferent to the rights of others, he delivered his decisions in a way which almost invariably commanded respect, even though it failed to carry conviction. But the penalty which he paid for success in his career was a heavy one. His disposition was irretrievably ruined. He had become habitually sarcastic. The player upon whom three strikes had just been called was speaking up with all the enthusiasm of a man who realizes that this is a free country and that the voice of the people as it ascends from the bleaching boards is on his side.

"Tree strikes not'in!" was the loud, laconic comment which caused the umpire to look upon him with a majestic glare and exclaim:

"What's dat?"

"I said t'ree strikes nottin, an dat's what."

The altercation proceeded until, in a paroxysm of indignation, the player lifted his bat as a weapon.

"Look out!" shouted one of the players. "He's goin to hit ye."

But the umpire never flinched.

"Don't ye have no fear," he said as he stood in statuesque defiance. "After what he's been doin at the bat I don't feel that I'm runnin no risks whatever. He may strike at me, but there ain't any mortal chance of his teachin anything."—Washington Star.

HIRONS' VEGETONE.

It can be Procured at Your Druggists.

The Effective Vegetable Tonic for Constipation, Indigestion, Malaria, Liver, Kidney, Nerve Troubles and Headache.

Use Hirons Double Treatment for Catarrh and Hay Fever.

Use Hirons New Asthma and Cough Cure for Asthma, Bronchitis, Pneumonia, Coughs, Colds, Throat and Lung Troubles.

Vegetone is purely vegetable in its composition. It is a reliable and permanent cure for diseases of the liver and kidneys, constipation, chills, malarial fever, loss of appetite, and a sure and effectual cure for headache and dyspepsia.

Vegetone acts by giving tone to the stomach, strengthening the liver and kidneys, and assists these most important organs in throwing off the impurities in the blood. Every person, in the spring of the year, needs a good, safe tonic for the replenishing of the system after a winter of inactivity, and Vegetone will produce the desired effects, being purely vegetable and a mild, pleasant laxative, thus throwing off the bile from the stomach, producing new vigor.

CATARRH.

One of the most troublesome and dangerous diseases known to mankind, can in the large majority of cases, be permanently cured. Many who were victims to that disease have been cured, and many more are being cured. Double treatment for Catarrh does its work effectually; clearing it out of the head, driving it out of the blood, where it exists, and ever will exist, unless the health destroying viruses eradicated from the system. Cure it. For it is not only a constant discomfort, but a perpetual menace to life. Use the New Asthma and Cough Cure as the blood purifier, and the Speedy Catarrh Cure for the nasal treatment for Catarrh, and soon those troublesome and distressing symptoms will disappear. The constant dripping of the mucous into the throat, and the pain in the head will cease. The hearing, sight, smell, and taste will be restored.

HAY FEVER.

Hay Fever, or Hay Asthma as it is often called, is a combination of Bronchial and Nasal affections. The immediate cause and source of irritation being of external origin, attacking individuals during the months of May, June and August. The pollen of hay, dried grasses and rag weed comes in contact with the nasal and bronchial membranes, involving all the air passages, causing immediate irritation, frequently disabling persons afflicted therewith. The great discomfort and suffering, say nothing of the the loss of life caused by this terrible disease, may be avoided by using Hirons' Double Treatment, which is a sure, safe and permanent cure. Commence using the medicine at once, and get your system in condition to resist the effect of these agencies upon the mucous membrane, thereby keeping the tissues in a healthy condition.

ASTHMA.

Asthma is a contraction of the nerves connected with the lungs, and is produced by three causes. First, by sensitive area of mucous membrane. Second, an abnormally sensitive nerve center, and third, by an external irritant. With all three of these factors simultaneously, an attack of Asthma is produced. The disease often arises from Heart trouble, nasal catarrh and dyspepsia. Some of the symptoms, short, quick, difficult breathing, wheezing, with spells of coughing and suffocation. Asthma is supposed by some to be incurable, but the use of a few bottles of Hirons' New Asthma and Cough Cure will prove to the contrary.

A Hay-fever Victim Made Happy.

The Hirons Medicine Co., Fort Wayne, Ind.

GENTLEMEN:—I have been afflicted with Hay-Fever in its most malignant form for years. The first attack would appear in June. During August and September My sufferings were intense. Water would run from my eyes and nose, the paroxysm of sneezing were uncontrollable, and I had terrible burning pains in my head. I learned of your Double Treatment for Catarrh and Hay Fever and procured it at once. After having used three bottles of the remedies I was entirely cured. I heartily endorse your valuable medicine, and advise all Hay-Fever sufferers to give it a trial. Sincerely,

ANDREW LOLEY, 273 Hanna St.,
Fort Wayne, Ind.

Believes It Saved Her Life.

The Hirons Medicine Co.

GENTLEMEN:—I wish to tell you how thankful we are for the great good your medicine has done for our daughter, Mrs. John Metcalf. We sincerely believe that it saved her life. In November she had a bad case of LaGrippe, it left her with an awful cough. Our family physician informed her husband that she was threatened with consumption. We knew not what course to pursue, until one day when Mrs. Metcalf was reading your advertisement in the WEEKLY SENTINEL, she resolved to try a bottle of your new Asthma and Cough Cure. After using the remedy for a short time she was able to sit up in bed. In two weeks she was up and around. Her cough ceased, and now she is entirely cured, and advises all who have lung or throat trouble to give your medicine a trial.

Yours Truly,
SAMUEL DOHRR.

At the Grand Canyon of the Yellowstone.

"Where the road turns to the left at Grand View, walk out over the salient of rock at the angle itself, sit down on the farthest chimney stuff, over rocks naturally white, but now blackened by weathering. If possible, go there in the morning or in the latter part of the afternoon. At noontime the light is too strong, and the details of the canyon are smothered, and the individuality of the walls killed. But with a soft morning or afternoon light every detail of one or the other of the walls leaps out from the general mass as if instinct with life. And what a wonderful sea it is that lies beneath and beyond us. A painted sea, not of water but of rock. And such painting! Try to distinguish the decided colors and their infinite variations. The most wonderful part of it is the rare blending, where one fades into another, and yet the most detect neither the beginning nor the ending."

The above is taken from "Wonderland '97," a new tourist book that tells all about Yellowstone Park.

Send to Chas. S. Fee, Gen'l. Pass. Agent, Northern Pacific Railway, St. Paul, Minn., six cents and get "Wonderland '97." 17tf

An exchange says that many farmers who are in the habit of dehorning their cattle may be surprised to know that when they do so they are violating the law and laying themselves liable to a heavy fine. It is not generally known, but this decision was rendered recently. So if you get into trouble do not say you did not know it.

Boys have been indulging in their favorite game of "pig tail one" at the corner of Lafayette and Madison streets, until their fun has grown to be a nuisance to the passer-by, if not a menace to their safety. Several windows have also been broken. Officer Reedy went to the scene to-day and there was a scattering of youthful Ansons that was amusing to see.

The sad news of the death of Valentine Reul, of Madison, Ind., was received by Mr. W. F. Graeter, of the Indiana Furniture company yesterday. Mr. Reul is the father of J. V. Reul, also the uncle of Mr. Graeter. Mr. Reul visited our city one year ago. He was over seventy years of age. He also leaves a daughter, Mrs. J. L. Barnes, who resides here. He leaves beside another son and daughter, who reside at Madison.
